Filed pursuant to Rule 17a-5(e)(3) under the
Securities Exchange Act of 1934
as a Public Document.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of KKR Capital Markets LLC

We have audited the accompanying statement of financial condition of KKR Capital Markets LLC (the "Company") as of December 31, 2016, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such statement of financial condition presents fairly, in all material respects, the financial position of KKR Capital Markets LLC as of December 31, 2016, in conformity with accounting principles generally accepted in the United States of America.

KKR CAPITAL MARKETS LLC

NOTES TO FINANCIAL STATEMENT AS OF DECEMBER 31, 2016

1. Organization and Business

KKR Capital Markets LLC (the “Company”), a wholly owned subsidiary of KKR Capital Markets Holdings L.P. (the “Parent” or “KCMH”), is a limited liability company that was formed under the laws of Delaware. The Company is an indirect subsidiary of Kohlberg Kravis Roberts & Co. L.P. (“KKR”). The Company is a registered broker-dealer with the Securities and Exchange Commission (the “SEC”) and a member of the Financial Industry Regulatory Authority (“FINRA”).

The Company’s primary operations are to provide capital markets, advisory and underwriting services to companies in which KKR’s affiliated private equity funds take a controlling or other equity interest, where they are seeking to raise capital through the public or private capital markets. The Company may also provide similar services to third party entities.

2. Summary of Significant Accounting Policies

Basis of presentation

This financial statement was prepared in conformity with accounting principles generally accepted in the United States of America, which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ materially from these estimates.

Investment banking revenue

Syndication fees receivable, presented in the accompanying Statement of Financial Condition, are recorded net of related estimated syndicate deal expenses.

Cash and cash equivalents

The Company considers its investments in money market funds or time deposits to be cash equivalents if the original maturities are 90 days or less. Cash and cash equivalents are held by three financial institutions and are subject to the credit risk of each respective financial institution. The Company has not experienced any losses and does not believe there to be any significant credit risk with respect to these balances.

The Company’s cash equivalents are measured at fair value on a recurring basis based on the quoted Net Asset Value (“NAV”) of the respective open-end registered money market funds. Such cash equivalents, totaling \$96,598,053, are classified as Level 1 in the fair value hierarchy because they trade in an active market at reported NAV.

Valuation adjustments and block discounts are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these instruments does not entail a significant degree of judgment.

Investments, at fair value

The Company’s investments consist of two time deposits with original maturities of one year each and are classified as a Level 2 asset in the fair value hierarchy. These time deposits are held with

KKR CAPITAL MARKETS LLC

NOTES TO FINANCIAL STATEMENT AS OF DECEMBER 31, 2016

two financial institutions and are subject to the credit risk of those financial institutions. The Company does not believe there to be any significant credit risk with respect to these balances.

Financial instruments not measured at fair value

Certain of the Company's assets and liabilities are not measured at fair value on a recurring basis but nevertheless are recorded at amounts that approximate fair value due to their liquid or short-term nature. Such financial assets and financial liabilities include: Syndication fees receivable, Prepaid expenses and other assets, Due from clearing broker, Income tax payable, Accounts payable and accrued expenses, and Due to affiliates.

Due from clearing broker

Due from clearing broker consists of a cash deposit held with a single clearing broker, and therefore is subject to the credit risk of that financial institution. The Company does not believe there to be any significant credit risk with respect to these balances.

Furniture, equipment and tenant improvements

Furniture, equipment and tenant improvements are recorded at cost less accumulated depreciation and amortization. The Company periodically evaluates the carrying value of furniture, equipment and tenant improvements when events and circumstances suggest that such assets may be impaired.

The balances of Furniture, equipment and tenant improvements, by major class of depreciable and amortizable assets, at December 31, 2016 are as follows:

Furniture and equipment	\$ 776,017
Tenant improvements	<u>1,818,187</u>
Furniture, equipment and tenant improvements	2,594,204
Less: Accumulated depreciation and amortization	<u>(1,466,441)</u>
Furniture, equipment and tenant improvements, net	<u>\$ 1,127,763</u>

Income tax

The Company is a limited liability company organized under the laws of Delaware. Because the Parent is the Company's sole member, the Company is treated as a disregarded entity for federal, state and local income tax purposes. The Parent is treated as a partnership for federal, state and local income tax purposes and is therefore subject to New York City ("NYC") unincorporated business tax ("UBT") at a statutory rate of 4%. As the sole member of the Company, the Parent is entitled to reimbursement from the Company for any UBT liability arising from its allocable share of NYC source income.

The Company records deferred tax assets or liabilities based on the temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their bases for income tax purposes. As of December 31, 2016, these differences were immaterial.

At December 31, 2016, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require.

KKR CAPITAL MARKETS LLC

NOTES TO FINANCIAL STATEMENT AS OF DECEMBER 31, 2016

In the normal course of business, the Parent is subject to examination by federal, state and local income tax regulators. As of December 31, 2016 the Parent's federal income tax returns and state and local tax returns are open under the relevant statute of limitations, and therefore subject to examination for the tax years 2013 through 2015.

Related party

Based on its liquidity at any given time, the Company's ability to meet regulatory capital requirements for potential underwritings may be dependent on its access to funding from the Parent.

Pursuant to a services agreement (the "Services Agreement"), the Parent and other KKR affiliates will provide to the Company its employees, office facilities and office equipment as reasonably necessary for the Company to operate its business. See Note 4, "Related party and affiliate transactions" for further discussion on related party transactions.

3. Commitments and Contingencies

Leases

The Company pays KKR for the Company's pro rata share of square feet utilized under KKR's omnibus lease for office space.

KKR has guaranteed the obligation of the Company in connection with the Company's allocable portion of the lease agreement. The lease has provisions for escalation based upon the assessed valuation of the property and future collective bargaining agreements entered into by the lessor and certain of its employees.

Indemnifications

The Company's agreement with its clearing broker dealer requires the Company to indemnify the clearing broker against specified potential losses in connection with their acting as an agent of, or providing services to, the Company. As of and during the year ended December 31, 2016, the clearing broker had not provided services to the Company in this capacity. As of December 31, 2016, the Company has not recorded any contingent liability in the financial statement for this indemnification.

Litigation

From time to time, the Company is involved in legal proceedings, lawsuits and claims incidental to the conduct of the Company's business. The Company's business is also subject to extensive regulation, which may result in regulatory proceedings against it. As of December 31, 2016, the Company believes that these matters will not have a material impact upon the financial statement.

4. Related party and affiliate transactions

Services Agreement

The amount payable to the Parent and KKR pursuant to the Services Agreement is \$191,590 as of December 31, 2016 and is included in Due to affiliates in the accompanying Statement of Financial Condition.

KKR CAPITAL MARKETS LLC

NOTES TO FINANCIAL STATEMENT AS OF DECEMBER 31, 2016

Fee sharing

During 2016, the Company and a lending affiliate (the "SPV") collectively entered into financing commitments for certain loans resulting in the Company and the SPV earning various fees to the extent the financing obligations were syndicated to third parties or were otherwise replaced with securities offerings affected by the Company.

The Company and a related party entered into various fee sharing arrangements for services rendered in connection with the arrangement of certain credit facilities.

Employee benefits

The Parent is a participant in KKR's self-insured medical insurance plan; accordingly, all eligible employees of the Parent, who provide services to the Company, are covered under the plan.

Noncash compensation

Additionally, KKR and its affiliates allocate certain noncash compensation to the Company which is recorded by the Company as noncash capital contributions. See Note 5, "Profit Sharing Plans" and Note 6, "Equity-Based Compensation" for further discussion on noncash compensation.

5. Profit Sharing Plans

The Parent is a participant in KKR's defined contribution plan; accordingly, all eligible employees of the Parent, who provide services to the Company, are covered under the plan. The Company contributes up to a maximum of 10% of each employee's eligible compensation up to a maximum of \$17,500 per employee per annum.

With respect to an affiliate's interest in KKR's funds and co-investment vehicles that provide for carried interest, such affiliate may allocate to certain eligible employees of the Parent, who provide services to the Company, a portion of the carried interest earned in relation to these funds as part of its carry pool. The KKR affiliate currently allocates approximately 40% of the carry it earns from these funds and vehicles to its carry pool. The Company records compensation costs related to carry pool allocations incurred by such affiliate on behalf of the Company. The Company does not reimburse KKR for such carry pool allocations; accordingly all such amounts are deemed to be noncash capital contributions.

6. Equity-Based Compensation

Certain employees of the Parent, who are providing services to the Company, are participants in equity-based compensation plans sponsored by KKR affiliates. Units are granted to individuals by such affiliate, and the Company records allocated compensation costs incurred by such affiliate on behalf of employees providing services to the Company. For each plan described below, the allocated value of the equity-based compensation from KKR or affiliates to the Company is not reimbursable; accordingly, all such amounts are deemed to be noncash capital contributions. The following is a description of the plans in which the Parent's employees providing services to the Company participate.

KKR CAPITAL MARKETS LLC

NOTES TO FINANCIAL STATEMENT AS OF DECEMBER 31, 2016

KKR Holdings Units

Eligible employees of the Parent, who are providing services to the Company, have been granted units in KKR Holdings L.P. (the "Holdings Units"), a KKR affiliate, which are generally subject to minimum retained ownership requirements and in certain cases, transfer restrictions, and allow for the ability to exchange the Holdings Units into units of its publicly traded affiliate, KKR & Co. L.P. (the "Common Units"), on a one-for-one basis. Except for any Holdings Units that were deemed fully vested on the date of grant, Holdings Units are subject to service based vesting generally over a three to five year period from the date of grant. Transfer restriction periods, if applicable, generally last for a minimum of (i) one year with respect to one-half of the interests vesting on any vesting date and (ii) two years with respect to the other one-half of the interests vesting on such vesting date. While providing services to the Company or one of its affiliates, these individuals may also be subject to minimum retained ownership rules requiring them to continuously hold 25% of their vested interests. Upon separation from the Company and KKR affiliates, certain Holdings Unit holders will be subject to the terms of a non-compete agreement that may require the forfeiture of certain vested and unvested Holdings Units should the terms of the non-compete be violated. Holders of Holdings Units are entitled to participate in distributions received by KKR Holdings only to the extent that such Holdings Units are vested.

Compensation expense on Holdings Units is calculated based on the fair value of a Holdings Unit determined using the closing price of the Common Units on the grant date. KKR has made equal quarterly distributions to holders of its common units in an amount of \$0.16 per common unit per quarter (\$0.64) for financial results from the first quarter of 2016 through the fourth quarter of 2016. Accordingly, for grants made subsequent to December 31, 2015, the discount for lack of participation rights in the expected distributions on unvested units was based on the \$0.64 expected distribution. Expense is recognized on a straight line basis over the life of the award and assumes a forfeiture rate of up to 8% annually based upon expected turnover by employee class.

Public Equity Units

Under the KKR & Co. L.P. 2010 Equity Incentive Plan, KKR granted awards to employees of the Parent, who provide services to the Company, that relate to Common Units which generally vest over a three to five year period from the date of grant. In certain cases, these awards are subject to transfer restrictions and/or minimum retained ownership requirements. Compensation expense on these awards is calculated based on the fair value of Common Units on the grant date. The grant date fair value of unvested Common Units is discounted for the lack of participation rights in the expected distributions on such Common Units, which ranges from 8% to 56% (for awards granted prior to December 31, 2015), multiplied by the number of unvested Common Units on the grant date. KKR has made equal quarterly distributions to holders of its common units in an amount of \$0.16 per common unit per quarter (\$0.64 per year) for financial results from the first quarter of 2016 through the fourth quarter of 2016. Accordingly, for grants made subsequent to December 31, 2015, the discount for lack of participation rights in the expected distributions on unvested units was based on the \$0.64 expected distribution. Expense is recognized on a straight line basis and assumes a forfeiture rate of up to 8% annually based upon expected turnover by employee class.
