March 10, 2017

To the Dealers appointed
from time to time pursuant to a
Terms Agreement or Appointment Agreement
under the Global Debt Program of the
Inter-American Development Bank

Ladies and Gentlemen:

I have participated in the proceedings of the Inter-American Development Bank (the "Bank") to establish the Global Debt Program of the Bank, as it may be amended, restated, or superseded from time to time (the "Program"), and to authorize the issue and sale of Notes thereunder (the "Notes") with reference to a Prospectus dated January 8, 2001 (the "Prospectus"). In connection with such proceedings, I have examined, among other documents, the following:

- 1) The Agreement Establishing the Inter-American Development Bank (the "Bank Agreement") and the By-Laws of the Bank;
- 2) The Global Borrowing Authorization, Resolution DE-5/16, authorizing the issuance and sale of the Notes;
- 3) The Prospectus;
- 4) The Standard Provisions, dated as of January 8, 2001 (the "Standard Provisions");
- 5) The Global Agency Agreement, dated January 8, 2001, as amended, among the Bank, Kredietbank S.A. Luxembourgeoise, and Citibank, N.A. (the "Global Agency Agreement"); and
- 6) The Uniform Fiscal Agency Agreement, dated as of July 20, 2006, as amended, between the Bank and the Federal Reserve Bank of New York (the "FRBNY Fiscal Agency Agreement").

Pursuant to Section 5(e)(ii) of the Standard Provisions, I am of the opinion that:

- a) The Bank is an international organization duly established and existing under the Bank Agreement;

- b) The Bank has obtained all governmental approvals required pursuant to the Bank Agreement in connection with the offering, issue and sale of the Notes;
- c) The creation, issue, sale and delivery of the Notes, and the execution of any Notes in definitive form, have been duly authorized, and when duly issued and delivered, and in the case of Notes in definitive form, duly executed, authenticated, issued and delivered, the Notes will constitute valid and legally binding obligations of the Bank in accordance with their terms;
- d) Any applicable Terms Agreement or Appointment Agreement, as the case may be, as of its date, will be duly authorized, executed and delivered by the Bank;
- e) Each of the Global Agency Agreement, and the FRBNY Fiscal Agency Agreement has been duly authorized, executed and delivered by the Bank and constitutes a valid and legally binding obligation of the Bank;
- f) Under existing law, it is not necessary in connection with the public offering and sale of the Notes to register the Notes under the U.S. Securities Act of 1933, as amended, or to qualify an indenture with respect thereto under the U.S. Trust Indenture Act of 1939, as amended.

While I assume no responsibility with respect to the statements in the Prospectus, nothing has come to my attention which has caused me to believe that the Prospectus, as of its date and as of the date hereof, and excluding the financial statements or other financial data, contains any untrue statement of a material fact or omits to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

This letter does not relate to the financial statements or other financial data contained in the Prospectus.

In rendering the foregoing opinion, I have relied, with respect to matters of New York law, upon the opinion of Sullivan & Cromwell LLP and, with respect to matters of English law, upon the opinion of Linklaters LLP, each delivered on this date in accordance with the Standard Provisions. Also, I have assumed that signatures on all documents examined by me are genuine.

This letter is furnished by me as Chief Counsel (Corporate Legal Affairs Division) of the Bank to Dealers appointed from time to time under the Program and is solely for their benefit.

Very truly yours,

Alessandro Macri

General Information

Additional Information Regarding the Notes

1. United States Federal Income Tax Matters

The following supplements the discussion under the “Tax Matters” section of the Prospectus regarding the U.S. federal income tax treatment of the Notes, and is subject to the limitations and exceptions set forth therein. Any tax disclosure in the Prospectus or this pricing supplement is of a general nature only, is not exhaustive of all possible tax considerations and is not intended to be, and should not be construed to be, legal, business or tax advice to any particular prospective investor. Each prospective investor should consult its own tax advisor as to the particular tax consequences to it of the acquisition, ownership, and disposition of the Notes, including the effects of applicable U.S. federal, state, and local tax laws and non-U.S. tax laws and possible changes in tax laws.

Due to a change in law since the date of the Prospectus, the second paragraph of “— Payments of Interest” under the “United States Holders” section should be updated to read as follows: “Interest paid by the Bank on the Notes constitutes income from sources outside the United States and will, depending on the circumstances, be “passive” or “general” income for purposes of computing the foreign tax credit.”

The Notes should be treated as variable rate debt instruments that are issued without original issue discount. A United States holder will generally be taxed on interest on the Notes as ordinary income at the time such holder receives the interest or when it accrues, depending on the holder’s method of accounting for tax purposes. However, the portion of the first interest payment on the Notes that represents a return of the 8 days of accrued interest that a United States holder paid as part of the Issue Price of the Notes will not be treated as an interest payment for United States federal income tax purposes, and will accordingly not be includible in income. Upon the sale, exchange, repurchase or maturity of the Notes, a United States holder should generally recognize capital gain or loss, equal to the difference between the amount received, excluding any amounts attributable to accrued but unpaid interest (which will be treated as interest payments) and the United States holder’s tax basis in the Notes. Such capital gain or loss should be treated as long-term capital gain or loss to the extent the United States holder has held the Notes for more than one year.

Because the purchase price of the Notes exceeds the principal amount of the Notes, a United States holder may elect to treat the excess (after excluding the portion of the purchase

price attributable to accrued interest) as amortizable bond premium. A United States holder that makes this election would reduce the amount required to be included in such holder's income each year with respect to interest on the Notes by the amount of amortizable bond premium allocable to that year, based on the Note's yield to maturity. If a United States holder makes an election to amortize bond premium, the election would apply to all debt instruments, other than debt instruments the interest on which is excludible from gross income, that the United States holder holds at the beginning of the first taxable year to which the election applies or that such holder thereafter acquires, and the United States holder may not revoke the election without the consent of the Internal Revenue Service.

Information with Respect to Foreign Financial Assets. Owners of "specified foreign financial assets" with an aggregate value in excess of U.S.\$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" may include financial accounts maintained by foreign financial institutions, as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons, (ii) financial instruments and contracts that have non-United States issuers or counterparties, and (iii) interests in foreign entities. Holders are urged to consult their tax advisors regarding the application of this reporting requirement to their ownership of the Notes.

Medicare Tax. A United States holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax (the "Medicare tax") on the lesser of (1) the United States holder's "net investment income" (or "undistributed net investment income" in the case of an estate or trust) for the relevant taxable year and (2) the excess of the United States holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between U.S.\$125,000 and U.S.\$250,000, depending on the individual's circumstances). A holder's net investment income will generally include its interest income and its net gains from the disposition of Notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). United States holders that are individuals, estates or trusts are urged to consult their tax advisors regarding the applicability of the Medicare tax to their income and gains in respect of their investment in the Notes.
