Report of Independent Registered Public Accounting Firm

To the Members NPB Financial Group, LLC Burbank, CA 91505-4647

I have audited the accompanying statement of financial condition of NPB Financial Group, LLC (the "Company"), as of December 31, 2016 and the related statements of income (loss), changes in members' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of December 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The information contained in Schedules I, II and III (the "supplemental information") has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. My audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming my opinion on the supplemental information, I evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R §240.17a-5. In my opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Note 1 - Organization and Nature of Business

NPB Financial Group, LLC (the "Company") was organized as a Limited Liability Company in the State of California on August 19, 2005 and is registered with the Securities and Exchange Commission as a broker-dealer in securities and as an investment advisor under the 1940 Investment Advisors Act as amended. The Company is also registered as a broker-dealer with the Financial Industry Regulatory Agency ("FINRA").

Note 2 – Significant Accounting Policies

Basis of Presentation – The Company conducts the following types of business as a securities broker-dealer, which comprises several classes of services, including:

- Broker or dealer retailing corporate equity securities over-the-counter
- Broker or dealer selling corporate debt securities
- Mutual fund retailer
- U.S. government securities broker
- Municipal securities dealer
- Broker or dealer selling variable life insurance or annuities
- Put and call broker or dealer or option writer
- Investment advisory services
- Broker or dealer selling tax shelters or limited partnerships in primary distributions
- Non-exchange member arranging for transactions in listed securities by exchange member

Under its membership agreement with FINRA and pursuant to Rule 15c3-3 (k) (2) (ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Commissions – Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Revenue Recognition - The Company recognizes revenue upon rendering of services. Advisory fees are billed both in advance and arrears, at the beginning of each quarter; a portion is either deferred or accrued depending on the timing of the billing.

Note 2 - Significant Accounting Policies (continued)

Income taxes - The Company, with consent of its Members, has elected to be a California Limited Liability Company. For tax purposes the Company is treated like a partnership, therefore in lieu of business income taxes, the Members are taxed on the Company's taxable income. Therefore, no provision or liability for Federal Income Taxes is included in these financial statements. The State of California has a similar treatment, with a gross receipts tax and a minimum Franchise Tax of \$800.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

The accounting principles generally accepted in the United States of America provides accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the Company in its Federal and State organization tax returns are more likely than not to be sustained upon examination. The Company is subject to examinations by U.S. Federal and State tax authorities from 2013 to the present, generally for three years after they are filed.

Property, Equipment and Depreciation - Property and equipment are carried at cost. Depreciation is calculated using a straight-line method. The estimated lives of the depreciable assets range from five to seven years.

Note 3 - Fair Value

Unless otherwise indicated, the fair values of all reported assets and liabilities that represent financial instruments (none of which are held for trading purposes) approximate the carrying values of such amounts.

Note 4 - Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

Note 5 - Concentration of Risk

Amounts held in financial institutions occasionally are in excess of the Federal Deposit Insurance Corporation and Securities Investor protection Corporation limits. The organization deposits its cash in high quality financial institutions, and management believes the organization is not exposed to significant credit risk on those amounts. The amount greater than the FDIC limit at December 31, 2016 was \$373,354.

Note 6 - Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2016, the Company had net capital of \$553,659 which was \$497,736 in excess of its required net capital of \$55,922. The Company's net capital ratio was 1.52 to 1.

Note 7 – Provision for Income Taxes

The Company is subject to a limited liability company gross receipts tax, with a minimum provision of \$800. For the year ended December 31, 2016, the Company recorded the minimum liability company income tax of \$800 and gross receipts tax of \$11,790.

Note 8 - Clearing Broker Deposit

The Company has an agreement with its clearing broker to clear securities transactions, carry customers' accounts and perform certain recordkeeping functions and requires a minimum deposit of \$25,000.

Note 9 – Pension Plan

The Company established a retirement plan effective January 1, 2010 covering substantially all of its employees over 21 years of age and with at least 1,000 hours of service per year.

The Profit Sharing Plan is qualified under Section 401(k) of the Internal Revenue Code. The plan allows eligible employees to contribute up to 100% of their compensation (not to exceed the current IRS limits). For 2016, the Company matched 100% of the first 5% of employee contribution of all qualifying participants under the Plan for the 2016 Plan year. The Employer contribution vests 100% after 5 years of service. The Company contributed \$35,286 to the Plan during the year ending December 31, 2016.

Note 10 – Contingencies

In the normal course of business, the Company is subject to pending and threatened legal actions. After reviewing the pending and threatened litigation with counsel, management believes that the outcome of such actions will not have a material adverse effect on the Company's statement of financial condition. The outstanding Thieret claim was settled at mediation on 1-23-17.

Report of Independent Registered Public Accounting Firm - Exemption Report

To the Members NPB Financial Group, LLC

I have reviewed management's statements, included in the accompanying NPB Financial Group, LLC (the "Company") Exemption Report in which (1) the Company identified the following provisions of 17C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: ((k) (2) (ii)) (the "exemption provisions"), and (2) the Company stated that they met the identified exemption provisions throughout the most recent fiscal year, without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope that an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k) (2) (ii) of Rule 15c3-3 under the Securities Exchange Act of 1934 for the periods noted in paragraph 1 above.
