REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
of Forest Securities, Inc.

We have audited the accompanying statement of financial condition of Forest Securities, Inc. as of December 31, 2016, and the related notes to the financial statements. This financial statement is the responsibility of Forest Securities, Inc.'s management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Forest Securities, Inc. as of December 31, 2016, in accordance with accounting principles generally accepted in the United States of America.

Total liabilities and stockholders' equity	\$ <u>238,445</u>

The accompanying notes to the financial statements are an integral part of this statement.

FOREST SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

(1) **Organization and Description of Business**

Forest Securities, Inc. (the Company) was incorporated in the State of Iowa on June 16, 1992. The Company became registered as a broker/dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA).

On December 10, 2012, the Company transferred to an Illinois Corporation and filed a notice of dissolution of the Iowa Corporation.

The Company operates exclusively as a securities broker/dealer and is accordingly required to abide by all applicable rules and regulations of the Securities and Exchange Commission, the Financial Industry Regulatory Authority, Inc., and other regulatory bodies. All trades are cleared on a fully disclosed basis.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities Exchange Act of 1934 and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker-dealer and promptly transmit all customer funds and securities to the clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

(2) **Summary of Significant Accounting Policies**

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Revenue Recognition

Securities transactions (and related revenue and expenses) are recorded on the trade date of the transactions.

Furniture and Equipment

Furniture and equipment are stated at historical cost and are depreciated based upon their useful life, generally five or seven years. Maintenance and repairs are charged to income as incurred.

Cash Equivalents

The Company considers all highly liquid investments with an original maturity when purchased of three months or less to be cash equivalents.

Income Taxes

The Company files its corporate income tax return on the cash basis. Investment tax credits and job credits are applied as a reduction of federal income taxes using the flow-through method.

FOREST SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

(2) **Summary of Significant Accounting Policies** (continued)

Income Taxes (continued)

FASB guidance requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year.

Management has reviewed the Company's tax positions for the open tax years (current and prior three tax years) and concluded that no provision for income tax is required in the Company's financial statements. Such open tax years remain subject to examination by tax authorities.

(3) **Fair Value Measurement**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company may use various valuation approaches, including market, income and/or cost approaches. The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Fair value is a market-based measure considered from the perspective of a market participant. As such, even when market assumptions are not readily available, the Company's own assumptions reflect those that market participants would use in pricing the asset or liability at the measurement date. The fair value measurement accounting guidance describes the following three levels used to classify fair value measurements:

Level 1

Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2

Inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly; and fair value is determined through the use of models or other valuation methodologies. A significant adjustment to a Level 2 input could result in the Level 2 measurement becoming a Level 3 measurement.

Level 3

Inputs are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment.

FOREST SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

(3) **Fair Value Measurement** (continued)

The Company assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Company's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. There were no significant transfers among levels 1, 2, and 3 during the year. All investments were sold in 2013.

(4) **Deposits with Broker**

The company introduces customer transactions for clearance by another broker-dealer under a clearing agreement on a fully disclosed basis. The Company is required to maintain a deposit with its clearing broker.

The Company is obligated for nonperformance by customers it has introduced to the clearing broker. The Company actively monitors its exposure under this obligation by requesting substantiation of its customers' activities from the clearing broker on a daily basis. No such nonperformance by a customer, based on refusal or inability to fulfill its obligations occurred in 2016.

(5) **Net Capital Requirements**

The company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). Under this rule, the Company is required to maintain "net capital" equivalent to \$50,000 or 6 2/3% of "aggregate indebtedness", whichever is greater, as these terms are defined.

Net capital and aggregate indebtedness change from day to day, but at December 31, 2016, the Company had net capital and net capital requirements of \$100,587 and \$50,000, respectively. The net capital rule may effectively restrict the payment of cash dividends.

(6) **Commitments**

The Company leases its office facilities under a lease that expires in April, 2017. For the year ended December 31, 2016, rent expense was \$90,343 for Chicago.

The Company leases office facilities under this non-cancellable lease agreement which provides for future minimum rents as follows:

<u>Year Ended December 31,</u>	<u>Minimum Rent</u>
2017	<u>30,272</u>
Total	<u>\$ 30,272</u>

There are two five-year extension options available to the Company on the same rent escalation terms as the initial five-year lease.

FOREST SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

(7) **Subsequent Events**

In accordance with the provisions set forth in FASB ASC Topic 855, *Subsequent Events*, management has evaluated subsequent events through February 28, 2017, the date the financial statements were available for issuance. Management has determined that there are no material events that would require adjustment to or disclosure in the Company's financial statements.
