Report of Independent Registered Public Accounting Firm

To the Member
of BroadOak Partners, LLC

We have audited the accompanying statement of financial condition of BroadOak Partners, LLC as of December 31, 2016, and the related notes to the financial statements. This financial statement is the responsibility of BroadOak Partners LLC's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. BroadOak Partners, LLC is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of BroadOak Partners, LLC's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of BroadOak Partners, LLC as of December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statement

December 31, 2016

1. Organization and Summary of Significant Accounting Policies

BroadOak Partners, LLC (the Company), a Delaware corporation, formed on January 31, 2007, is a wholly-owned subsidiary of BroadOak Capital Partners, LLC (BroadOak Capital). The Company is registered as a broker-dealer with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). Focused on the life sciences industry, the Company is engaged in the investment banking business and acts as a financial advisor on behalf of corporations, partnerships and other entities which sell assets and/or issue securities in private placements.

Material subsequent events have been considered for disclosure and recognition in these financial statements through February 27, 2017.

Risks and Uncertainties

Since inception, the Company has received a majority of its financial support from its sole member, BroadOak Capital. In addition, by agreement, BroadOak Capital provides operating and administrative support for which BroadOak Capital receives reimbursement and fees. Management plans to continue to develop its client base and service offerings and believes that there are a number of opportunities currently in process with its client base that may lead to the generation of fees from advisory and placement services that will be sufficient to continue to fund on-going operations. In addition, the Company plans to continue to invest in its marketing and business development efforts to ensure that its client base continues to grow as its revenue streams mature. Management believes these actions will enable the Company to operate profitably and provide cash flow to fund its continuing operations. However, there can be no assurance the Company will be able to adequately increase its services or continue to generate sufficient revenue from such services to fund operations.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Income Taxes

The Company has elected to be treated as a pass-through entity for income tax purposes and, as such, is not subject to income taxes. For tax purposes, the Company is included in the consolidated BroadOak Capital tax return and does not file a separate Federal or state tax return. All items of taxable income, deductions and tax credits are passed through to and are reported by members of BroadOak Capital on their respective income tax returns. The Company's Federal tax status as a pass-through entity is based on its legal status as a limited liability corporation. Accordingly, the Company is not required to take any tax positions in order to qualify as a pass-through entity. Therefore, these financial statements do not reflect a provision for income taxes, and the Company has no other tax positions which must be considered for disclosure.

Income tax returns filed by BroadOak Capital are subject to examination by the Internal Revenue Service for a period of three years. While no income tax returns are currently being examined by the Internal Revenue Service, tax years since 2012 remain open.

2. Related Party Transactions

Under an agreement with BroadOak Capital, the Company pays monthly management fees, occupancy and salary reimbursement costs to BroadOak Capital. The agreement is renewed annually and revised as needed. Under the agreement, the management fee includes certain operating and administrative costs incurred on behalf of the Company. In addition, the agreement stipulates that the Company will reimburse BroadOak Capital for any additional operating and administrative costs paid by BroadOak Capital on behalf of the Company. During the year ended December 31, 2016, these services totaled approximately \$3,705,000. At December 31, 2016, there are no amounts receivable or payable to BroadOak Capital.

3. Net Capital Requirements

The Company is in compliance with the net capital requirements of the SEC as well as FINRA. The Company is subject to the SEC "Uniform Net Capital Rule," which requires the maintenance of minimum net capital, as defined, of \$5,000 and requires that the ratio of aggregate indebtedness to net capital, as defined, not exceed 15-to-1. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2016, the Company had net capital of \$179,812 which is \$174,812 in excess of its required net capital of \$5,000.

4. Concentration of Credit Risk

The Company's assets that are exposed to credit risk consist primarily of cash and fees receivable. The Company maintains its cash in a bank deposit account, which, at times, may exceed Federally insured amounts. The Company believes it is not exposed to any significant credit risk on cash.
