To the Shareholder of
ABD Retirement Services, Inc.

We have audited the accompanying statement of financial condition of ABD Retirement Services, Inc. (the "Company") as of December 31, 2016, and the related statements of income, expense, and retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ABD Retirement Services, Inc. as of December 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, Schedules I and II are fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to Financial Statements

December 31, 2016

Note 1 - Organization and operations:

ABD Retirement Services, Inc. (the "Company") was incorporated in 2012 under the laws of the state of California. The Company is wholly owned by ABD Insurance and Financial Services, Inc. (the "Shareholder"). The Company maintains its headquarters in the San Francisco Bay Area and operates throughout the United States of America. The Company is a securities broker dealer and registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA") in April 2014. The Company provides advisory services to companies and their retirement plans and investments on a fee basis and receives referral commissions from investment brokerage firms.

Note 2 - Summary of significant accounting policies:

Cash and cash equivalents - The Company considers all demand deposits held in banks and certain highly liquid investments with original maturities of three months or less to be cash equivalents.

Accounts receivable - Accounts receivable represents estimated amounts due from investment brokerage companies and fee based clients for commissions and fees earned based on contractual terms but not yet collected. Management reviews accounts receivable for potential collection risks and sets up an allowance for doubtful accounts if collection of a receivable becomes unlikely. The Company considers accounts receivable to be fully collectible, and accordingly, no allowance for doubtful accounts has been provided.

Commissions and fees - The Company generates revenue by receiving commissions from various investment brokerages. The Company recognizes revenue in accordance with the terms and conditions specified in its commission agreements with the brokerages. The Company generates fees by providing retirement plan and retirement investment advisory services to companies. The Company recognizes revenue in accordance with the terms and conditions specified in its engagement letters with each of its clients. Revenues are recognized when earned either by fee contract or over the service period or on a trade date basis.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and may have an impact on future periods.

ABD RETIREMENT SERVICES, INC.

Notes to Financial Statements

December 31, 2016

Note 2 - Summary of significant accounting policies (continued):

Fair value of financial instruments - Unless otherwise indicated, the fair values of all reported assets and liabilities that represent financial instruments approximate the carrying values of such amounts.

Income taxes - The Company is a Qualified Sub-chapter S Corporation and is disregarded for income tax purposes and income taxes are paid at the individual shareholder level. Accordingly, the Company makes no provision for federal income taxes. The Company files consolidated income tax returns with its Shareholder, also a Qualified Sub-chapter S Corporation, and computes income taxes as though it is filing on a standalone basis. California S Corporation income taxes resulting from the Company's taxable income are calculated based on 1.5% of the Company's taxable income. The amount of California income tax payable is included in due to shareholder on the balance sheet. Deferred income taxes are considered for the tax consequences in future years resulting from differences between the tax bases of assets and liabilities and their financial reporting amounts at each year-end based on currently enacted tax laws and statutory tax rates. Deferred taxes are immaterial.

The Company evaluates its tax positions for any potential uncertain tax positions. If applicable, the Company accrues for those positions identified which are not deemed more likely than not to be sustained if challenged and recognizes interest and penalties on any unrecognized tax benefits as a component of the provision for income taxes.

The federal and California income tax returns of the Company's Shareholder remain subject to examination from the filing date to the specific governmental agency statute of limitations. All tax returns filed since the Company's formation are subject to examination. The Company did not have any non-recognized tax positions as of December 31, 2016, and has not accrued interest or penalties related to uncertain tax positions.

Subsequent events - The Company has evaluated subsequent events through March 13, 2017, the date which the financial statements were issued.

Note 3 - Net capital requirements:

The Company is subject to the SEC's uniform net capital rule (Rule 15c3-1) which requires the Company to maintain a minimum net capital equal to or greater than \$5,000 and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1, both as defined. At December 31, 2016, the Company's net capital was \$650,640 which exceeded the requirement by \$628,202.

ABD RETIREMENT SERVICES, INC.

Notes to Financial Statements

December 31, 2016

Note 4 - Risk concentrations:

For the year ending December 31, 2016, approximately 28% of commissions and fees were earned from one investment brokerage. At December 31, 2016, approximately 27% of accounts receivable was due from this investment brokerage.

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash deposits. The Company places its cash and cash equivalent deposits with high quality financial institutions in the United States of America. Cash balances are in excess of the Federal Deposit Insurance Corporation ("FDIC") insurance limits.

Note 5 - Related party transactions:

The Company has an expense sharing agreement with the Shareholder. The Shareholder provides office space and pays most overhead expenses for the Company. The Company has no obligation to reimburse or compensate the Shareholder. The Company's results of operations and financial position would differ significantly if the entities were autonomous.

At December 31, 2016, \$322,877 was due to the Shareholder for regulatory operating expenses and the Company's allocation of California income taxes that were paid or incurred by the Shareholder to be reimbursed by the Company.

Review Report of Independent Registered Public Accounting Firm

To the Shareholder of
ABD Retirement Services, Inc.

We have reviewed management's statements, included in the accompanying SEA 15c3-3 Exemption Report, in which (1) ABD Retirement Services, Inc. (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(i) (the "exemption provisions") and (2) the Company stated that it met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
