Dear Mr. Beringer:

We have audited the financial statements and supplemental information of MAFG RIA Services, Inc. for the year ended December 31, 2016, and have issued our report thereon dated February 22, 2017. Professional standards require that we provide you with the following information related to our audit.

Significant and Critical Accounting Policies and Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The Company's significant accounting policies are disclosed in the notes to the financial statements as required by generally accepted accounting principles pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2016. We noted no transactions entered into by the Company during the year for which accounting policies are controversial or for which there is a lack of authoritative guidance or consensus or diversity in practice.

Critical accounting policies and practices are those that are both most important to the portrayal of the Company's financial condition and results and require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. We believe there are no such critical accounting policies and practices that we are required to communicate.

Critical Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Critical accounting estimates are estimates for which (1) the nature of the estimate is material due to the levels of subjectivity and judgment necessary to account for highly uncertain matters or the susceptibility of such matters to change and (2) the impact of the estimate on financial condition or operating performance is material. We believe there are no such critical accounting estimates that we are required to communicate.

Significant Unusual Transactions

For purposes of this letter, professional standards define *significant unusual transactions* as transactions that are outside the normal course of business for the Company or that otherwise appear to be unusual due to their timing, size or nature. We noted no significant unusual transactions during our audit.

Related-Party Relationships and Transactions

As part of our audit, we evaluated the Company's identification of, accounting for, and disclosure of the Company's relationships and transactions with related parties as required by professional standards. We noted no related parties or related-party relationships or transactions that were previously undisclosed to us, significant related-party transactions that have not been approved in accordance with the Company's policies or procedures or for which exceptions to the Company's policies or procedures were granted, or significant related-party transactions that appeared to lack a business purpose.

Quality of the Company's Financial Reporting

Management is responsible not only for the appropriateness of the accounting policies and practices, but also for the quality of such policies and practices. Our responsibility under professional standards is to evaluate the qualitative aspects of the Company's accounting practices, including potential bias in management's judgments about the amounts and disclosures in the financial statements, and to communicate the results of our evaluation and our conclusions to you. We noted no potential bias in management's judgments about the amounts and disclosures in the financial statements.

Uncorrected and Corrected Misstatements

Professional standards require us to accumulate misstatements identified during the audit, other than those that are clearly trivial and to communicate accumulated misstatements to management. There were no such misstatements identified during the audit.

Exceptions to Exemption Provisions

In connection with our review of the Company's Exemption Report, we did not identify any exceptions to the exemption provisions that would cause the Company's assertions not to be fairly stated, in all material respects.

Disagreement with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no disagreements with management arose during the course of our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Supplemental Information

Based on the regulatory requirements of SEC Rule 17a-5, the Company presents Schedule I, Computation of Net Capital Under SEC Rule 15c3-1; Schedule II, Computation for Determination of Reserve Requirements Under SEC Rule 15c3-3 (exemption); and Schedule III, Information Relating to the Possession or Control Requirements Under SEC Rule 15c3-3 (exemption) that accompany the financial statements.
