REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of Old City Securities LLC

We have audited the accompanying statement of financial condition of Old City Securities LLC (the "Company"), as of December 31, 2016, and the related statements of operations, changes in members' capital and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Old City Securities LLC as of December 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Computation of Net Capital under Rule 15c3-1 of the Securities and Exchange Commission and the Computation for Determination of Reserve Requirements and Information Relating to Possession or Control Requirements Under Rule 15c3-3 of the Securities and Exchange Commission have been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplementary information is the responsibility of the Company's management. Our audit procedures included determining whether the supplementary information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplementary information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

OLD CITY SECURITIES LLC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016

1. Nature of Business

Old City Securities LLC (the “Company”) is a Limited Liability Company registered to do business in the state of New York on April 25, 2014. The capital structure of the Company consists of one class of common units. The Company is authorized to issue 5,000 units. Currently, 800 units have been issued and are outstanding for the managing member and 200 units have been issued and are outstanding for the other member. The Managing Member, Seth Damski, has the authority to issue additional units or create new classes of units. Liability of the Members is limited to their capital contribution to the Company.

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and is therefore subject to certain regulatory requirements including the maintenance of a certain amount of net capital.

The Company is exempt from Securities and Exchange Rule 15c3-3 under Section (k)(2)(i). The Company is prohibited from carrying client accounts, or holding client funds or securities, or performing custodial duties.

The Company introduces accredited investors to hedge funds, long only funds and to the advisers to such funds, for which the Company receives fees. The Company also receives consulting fees.

The Company does not carry accounts for customers nor perform custodial functions related to securities.

2. Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) Accounting Standards Codification (the “Codification”) is the single source of U.S. GAAP.

3. Use of Estimates in Preparing Financial Statements

The Company has made a number of estimates and assumptions relating to the reporting of assets, liabilities, revenues, expenses and their related disclosures to prepare these financial statements in conformity with U.S. GAAP. Actual results could differ from those estimates.

OLD CITY SECURITIES LLC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016

4. Fee Income and Expenses

The Company enters into selling agency, placement agency, solicitation and services agreements (the "Selling Agreements") with hedge funds, long only funds and the advisers to such funds. The Company seeks to introduce or refer prospective clients to such entities in return for a percentage of any fees earned by such entities from business resulting from the introduction. In certain instances, all or a portion of the revenue earned is in the form of a consulting fee. The services are performed by the registered representatives of the Company. All fee income is recorded when the services are provided and the income is reasonably determinable.

All of the fee income is earned from approximately 20 advisers. The top four advisers from which the Company received the most revenue represent 16.4%, 11.6%, 10.2% and 6.4% of total revenue for the year ended December 31, 2016.

A portion of the fee income, generally 90% of the income, is paid to the registered representatives of the Company pursuant to the applicable memoranda of understanding between such registered representative and the Company. The amounts paid to the registered representatives are recorded as fee expenses in the statement of operations. Fee expenses are recorded when fee income is earned by the Company and paid when the fee income is received by the Company.

Fees receivable represent the amounts due to the Company pursuant to the Selling Agreements. The Company uses the allowance method to provide for doubtful accounts based on management's evaluation of the collectability of fees receivable. Based on historical collection experience and a review of current fees receivable, management believes all fees receivable will be collected. Accordingly, no allowance for doubtful accounts has been recorded as of December 31, 2016.

5. Cash

The company maintains its cash with Wells Fargo, N.A. In the event of the financial institution's insolvency, the Company's recovery of the cash on deposit may be limited to the account insurance or other protection afforded such deposits.

6. Income Taxes

The Company is a Limited Liability Company and is a disregarded entity for income tax purposes. The Internal Revenue Code ("IRC") provides that income or loss passed through to the members for federal and state income tax purposes. Accordingly, the Company has not provided for federal or state income taxes.

At December 31, 2016, management has determined that the Company has no uncertain tax positions that would require financial statement recognition. This determination will be subject to ongoing reevaluation as facts and circumstances may require.

OLD CITY SECURITIES LLC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016

6. Income Taxes (continued)

The Company applies the provisions of Codification Topic 740, *Income Taxes*, which prescribe the minimum recognition threshold a tax position must meet in connection with accounting for uncertainties in income tax positions taken or expected to be taken in the course of preparing the Company's financial statements to determine whether tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions with respect to tax at the Company level deemed to meet the "more-likely-than-not" threshold, would be recorded as an expense in the current year. The Company has elected an accounting policy to classify penalties and interest if any, as interest expense. The Company has concluded that there is no tax expense or interest expense related to uncertainties in income tax positions for the year ended December 31, 2016. Since inception, the Company generally remains subject to examinations by U.S. federal and most state tax authorities.

7. Members' Capital

Income or loss is allocated to the Members in accordance with their respective Membership Units.

The Company considers whether membership units held by employees are considered members' capital or compensation arrangements based on the terms and conditions of the membership units. The terms and conditions of the membership units include call and put options which may result in the Company having the right or obligation to repurchase certain membership units. All membership units held by employees are accounted for as members' capital.

8. Related Party Transaction

Effective May 1, 2014, the Company entered into Management Services Agreements with Old City Partners LLC (OCP) and Old City Investment Partners LLC (OCIP). Under the terms of those agreements, OCP and OCIP agreed to make available to the Company facilities and administrative services. The Company reimbursed OCP and OCIP for rent based on the pro-rated square footage allocated to OCS plus a reasonable estimate of associated costs such as electricity, internet and phone services. These agreements were terminated effective December 31, 2016. During the year ended December 31, 2016, the Company reimbursed OCP and OCIP \$8,057 for facilities used pursuant to leases that are on a month to month basis.

9. Concentration of Credit Risk

The Company maintains its cash balances in one financial institution. This balance is insured by the Federal Deposit Insurance Corporation ("FDIC") UP TO \$250,000. Periodically, the balance in the account may exceed FDIC insured limits amount, but the Company monitors the creditworthiness of the financial institution as part of its risk assessment.

OLD CITY SECURITIES LLC

- (a) Any commitment, contingency or guarantee that might result in a loss or a future obligation;
- (b) Any claim of which the firm is aware as that might be asserted against it;
- (c) With respect to (a) and (b), loss contingencies or guarantees as financial liabilities, reductions of net worth in its net capital computation or as components of aggregated indebtedness.

11. Guaranteed Payments to Members

During the year ended December 31, 2016, guaranteed payments of \$ 179,313 were made to members for reasonable compensation in exchange for services rendered and they are accounted for as Company expenses rather than as an allocation of the Company's net income.

12. Net Capital Requirement

The Company, as a member of FINRA, is subject to the Securities and Exchange Commission's Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital of the greater of \$5,000 or 6.66% of aggregate indebtedness and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of "applicable" exchange also provides that equity capital may not be withdrawn or distributions paid if the resulting net capital ratios would exceed 10 to 1). At December 31, 2016, the Company's net capital of \$ 358,643 was \$ 328,765 in excess of its required net capital of \$ 29,878. The Company's ratio of aggregate indebtedness to net capital was 1.25 to 1 at December 31, 2016.

13. Indemnifications

In the normal course of business, the Company enters into contracts and agreements that contain a variety of Representations and warranties and which provide general indemnifications. The maximum exposure under these arrangements is unknown. The Company expects the risk of any future obligations under these indemnifications to be remote.

14. Subsequent Events

AUDIT TAX ADVISORY

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
Old City Securities LLC

We have reviewed management's statements, included in the accompanying Rule 15c3-3 Exemption Report pursuant to SEC Rule 17a-5, in which (1) Old City Securities LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(i) (the "exemption provisions") and (2) the Company stated that it met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
