NOTES TO FINANCIAL STATEMENTS

March 31, 2017

NOTE A - SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by the Company and there methods of applying those principles which materially affect the determination of financial position, results of operations and cash flows are summarized below:

Organization

Integrated Trading and Investments, Inc. (the Company) was incorporated in the State of Nevada effective May 10, 1999. The Company has adopted a fiscal year end of March 31.

Description of business

The Company, located in Las Vegas, NV, is a broker and dealer in securities registered with the Securities and Exchange Commission ("SEC") and is a member of FINRA. the Company operates under SEC Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers are held by a clearing broker-dealer.

Basis of accounting

The company conducts business as a securities broker-dealer in Las Vegas, Nevada. These financial statements have been prepared in accordance with established standards for securities broker-dealers, as of and for the year ended March 31, 2017.

Securities

Transactions with customers consist of acting as an introducing broker-dealer to a clearing broker-dealer in securities on a fully disclosed basis. The Company transmits all customer funds to the clearing broker-dealer, who in turn carries all the accounts of such customers. The Company records securities transactions and related commission expenses on a settlement date basis.

Concentrations of credit risk arising from cash deposits in excess of insured limits

The Company maintains its cash balances in banks. These balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 per institution. As of March 31, 2017, the Company's uninsured cash balance totaled \$0.

Cash and cash equivalents

The Company considers as cash, all short-term investments with an original maturity of three months or less to be cash equivalents, that are not held for sale in the ordinary course of business.

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Income taxes

The Company accounts for income taxes in accordance with the Financial Accounting Standards Board (the "FASB") Accounting Standards Codification (the "ASC") 740, Income Taxes, which requires the recognition of deferred income taxes for differences between the basis of assets and liabilities for financial statement and income tax purposes. Deferred tax assets and liabilities represent the future tax consequence for those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Deferred tax assets and liabilities for the Company for the fiscal year ended March 31, 2017, were deemed not material to these financial statements and, therefore, not presented.

The Company follows the provisions of FASB ASC 740-10-25, which prescribes a recognition threshold and measurement attribute for the recognition and measurement of tax positions taken or expected to be taken in income tax returns. FASB ASC 740-10-25 also provides guidance on de-recognition of income tax assets and liabilities, classification of current and deferred income tax assets and liabilities, and accounting for interest and penalties associated with tax positions. The Company does not have any accruals for uncertain tax positions as of March 31, 2017. It is not anticipated that unrecognized tax benefits would significantly increase or decrease within 12 months of the reporting date.

The Company uses a calendar year-end for income tax purposes and a reporting fiscal year-end of March 31 for the purposes of these financial statements.

The Company lost its original S-Corporation status when its key stockholder assigned 100% of his stock in the Company to Integrated Capital Group, Inc. on January 1, 2003.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Fair value of financial instruments

FASB ASC 820, Fair Value Measurement, defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

Property and Equipment and Depreciation

Property and equipment in excess of \$500 with a useful life of more than one year are carried at cost and depreciated using the straight-line method over their useful lives. The assets, estimated useful lives, cost, current year depreciation and accumulated depreciation are as follows::

<u>Assets</u>	<u>Estimated Useful lives</u>	<u>Cost</u>	<u>Current Year Depreciation</u>	<u>Accumulated Depreciation</u>
Furniture and fixtures	5 - 10 yrs	\$ 10,384	\$ -	\$ 10,384
Computer equipment	5 years	<u>8,777</u>	<u>764</u>	<u>8,777</u>
		<u>\$ 19,161</u>	<u>\$ 764</u>	<u>\$ 19,161</u>

NOTE A - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through May 30, 2017 which is the date the financial statement were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

Comprehensive income

The Company has elected to use the basic computation method, as is permitted by the rule, which requires the Company maintains minimum Net Capital pursuant to fixed dollar amount or 6-2/3% percent of total aggregate indebtedness, as defined, whichever is greater, and does not therefore calculate its net capital requirement under the alternative reserve requirement method.

NOTE C - POSSESSION OR CONTROL REQUIREMENTS

There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEC Rule 15c-3-3(k)(2)(ii) by promptly transmitting all customer funds or securities to the clearing broker who carries the customer accounts.

NOTE D - OTHER COMMITMENTS AND CONTINGENCIES

Included in the Company's clearing agreement with its clearing broker-dealer is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At March 31, 2017, management as the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware of any potential losses relating to this indemnification.
