TMR BAYHEAD SECURITIES, LLC
NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2017

NOTE 1 – ORGANIZATION AND NATURE OF THE BUSINESS

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC), and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA).

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Investment Banking and Consulting

Fees are earned from securities offerings in which the Company acts as an agent on private placement of debt and equity securities, merger-and-acquisition advice, and as a business consultant. Fees are recorded when the income from the service is reasonably determinable.

Income Taxes

The Company is not a taxpaying entity for federal and state income tax purposes. Accordingly, the Company's taxable income and deductions are reported by the sole member on his individual income tax returns. Therefore no provision for federal or state income taxes has been made.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

NOTE 3 – NET CAPITAL

As a broker-dealer, the Company is subject to the Securities and Exchange Commission's regulations and operating guidelines, which requires the Company to maintain a specified amount of net capital, as defined, and a ratio of aggregate indebtedness to net capital, as derived, not exceeding 15 to 1. The Company's net capital, as computed under Rule 15c3-1, was \$19,620 at March 31, 2017, which exceeds required net capital of \$5,000 by \$14,620. The ratio of aggregated indebtedness to net capital at March 31, 2017 was .26 to 1.

NOTES TO FINANCIAL STATEMENTS (continued)

MARCH 31, 2017

NOTE 4 – FAIR VALUE

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumption about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The Company's qualifying assets or liabilities are recorded at fair value using Level 1 inputs.

NOTE 5 – RULE 17a-5(e)(1)(i) EXEMPTION

Sections 17(a) and (e) of the Securities Exchange Act of 1934 and Rule 17a-5 thereunder together require broker-dealers to, among other things, file an annual report containing audited financial statements, supporting schedules, and supplemental reports, as applicable, with the SEC and FINRA. The required financial statements consist of a statement of financial condition, a statement of income, a statement of cash flows, a statement of changes in stockholders' or partners' or sole proprietor's equity, and a statement of changes in liabilities subordinated to claims of general creditors. A supporting schedule consisting of a computation of required and actual net capital under Rule 15c3-1 is also required. Rule 17a-5(e)(1)(i) provides an exemption

from the audit report requirement to a broker-dealer who, since the date of its previous annual report, has limited its securities business to acting as a broker (agent) for a single issuer, has promptly transmitted to such issuer all funds and promptly delivered to the subscriber all securities received in connection therewith, and has not otherwise held funds or securities for or owed money or securities to customers. Paragraph (e) of Rule 17a-5 is a self-operative provision. A broker-dealer filing an annual report which is not covered by an accountant's opinion shall include in the oath or affirmation required by Rule 17a-5(e)(2) a statement of facts and circumstances relied upon as a basis for exemption from the audit report requirement.

Since the date of its previous annual report, the Company has limited its securities business to acting as a broker or agent for a single issuer. The Company does not hold funds or securities for customers or any third parties, and no funds or securities are owed by the Company to customers. Any funds received for the payment of securities are promptly transmitted to the issuer and any securities received are promptly delivered to the subscriber. Accordingly, the exemption provided in paragraph (e) of Rule 17a-5 is available and in effect for the Company, and the required financial statements for this current annual report period have been prepared and filed without an accompanying audit report, in compliance with Rule 17a-5.

For purposes of Rule 17a-5(e)(4), the Company's SIPC assessment is a minimum assessment as provided for in Section 4(d)(1)(c) of the Securities Investor Protection Act of 1970, as amended, and accordingly the Company is not required to file a supplemental report on the SIPC annual general assessment reconciliation or exclusion from membership form.

NOTE 6 – ACCOUNTS PAYABLE, ACCRUED LIABILITIES, EXPENSES AND OTHER

In prior fiscal quarters, an aggregate of \$5,000 was accrued to anticipated expenses which were not ultimately incurred during such periods as anticipated. These anticipated expenses were for financial auditing and regulatory expenses which were not incurred due to exemptions which became available during the fiscal year in question and which were not determinable until the end of the period. In the upcoming fiscal year, the Company believes that increased business activity will or may result in the loss of these exemptions and that the maintenance of the accrual currently recorded for these expenses is prudent, sufficient and appropriate.

NOTE 7 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through April 25, 2017, the date on which the financial statements were available to be issued. There were no subsequent events that require adjustment or disclosure in the financial statements.
