We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. BFIN FINANCIAL SERVICES, LLC

Notes to Statement of Financial Condition

December 31, 2016

1. Organization and Business

BFIN Financial Services, LLC (the "Company"), an Illinois limited liability company, was formed on November 12, 2015 and is a wholly-owned subsidiary of Bluefin Markets Holdings, L.P. (the "Parent"). The Company is a broker-dealer registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority. The Company did not commence operations in the year ending December 31, 2016.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with United States Generally Accepted Accounting Principles ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes

No provision has been made for federal U.S. income taxes as the taxable income or loss of the Company is included in the respective income tax returns of the member.

In accordance with U.S. GAAP, the Company is required to determine whether its tax positions are more likely than not to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. Based on its analysis, there were no tax positions identified by management which did not meet the "more likely than not" standard as of and for the year ended December 31, 2016.

3. Concentration of Credit Risk

At December 31, 2016 a significant credit concentration consisted of cash deposited in bank accounts that exceeded federally insured limits by approximately \$62,000 which represents approximately 20% of the Company's equity. The Company has not experienced any losses in such accounts. Management believes the Company is not exposed to any significant credit risk on cash.

4. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15(c)3-1) and various exchange rules. Under the highest requirement, the Company is required to maintain "net capital" equal to the greater of \$100,000 or 6½% of "aggregate indebtedness", as defined.

At December 31, 2016, the Company had net capital and net capital requirements of \$312,000 and \$100,000, respectively.

Notes to Statement of Financial Condition, Continued

5. Fair Value Measurements and Disclosures

ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

At December 31, 2016, the Company held no Level 1, Level 2 or Level 3 investments.

6. Guarantees

ASC 460, *Guarantees*, requires the Company to disclose information about its obligations under certain guarantee arrangements. ASC 460, defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement, as well as indirect guarantees of the indebtedness of others. The Company did not enter into any guaranteed arrangements during the year ending December 31, 2016.

7. Subsequent Events

The Company's management has evaluated events and transactions through February 22, 2017, the date the financial statements were issued, noting no material events requiring disclosure in the Company's financial statements.

BFIN Financial Services, LLC,

We have reviewed management's statements, included in the accompanying Exemption Report (the "Exemption Report"), in which (1) BFIN Financial Services, LLC (the Company) stated that it may file an Exemption Report because the Company had no obligations under 17 C.F.R. §240.15c3-3 (the "exemption"); and (2) the Company stated that it had no obligations under 17 C.F.R. §240.15c3-3 throughout the most recent fiscal year ended December 31, 2016 without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects.
