REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholder
Hazard & Siegel, Inc.
Dewitt, New York

We have audited the accompanying statement of financial condition of Hazard & Siegel, Inc. as of December 31, 2015 and the related notes to the financial statements. This financial statement is the responsibility of Hazard & Siegel, Inc.'s management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Hazard & Siegel, Inc. as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

A copy of our most recent Annual Audited Report, Form X-17a-5 Part III, is available for examination and copying at the principal office of the firm in Dewitt, New York, as well as the office of the Securities and Exchange Commission in New York, New York.

The accompanying notes are an integral part of these financial statements

HAZARD & SIEGEL, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 1. Organization and Nature of Business

Hazard & Siegel, Inc. (the Company) is a regional securities broker-dealer, registered with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA).

The Company is an introducing broker, engaged principally in the trading and brokerage of investment company shares (mutual funds) and other investment products.

Note 2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash - Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash.

Investments

Marketable securities in the Company's investment account are classified as available for sale and are valued at fair value pricing as those terms are described for financial statement purposes. All securities valuations are from quoted prices (unadjusted) and are considered Level 1 inputs in the fair value hierarchy as established. For tax purposes, any unrealized gain or loss recognized on the investment account is removed from the calculation of taxable income.

Marketable securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Company's account balances and the amounts reported on the balance sheet.

Property, Equipment and Depreciation

Property and equipment are recorded at cost. Renewals and betterments of property are accounted for as additions to asset accounts. Repairs and maintenance charges are expensed as incurred. Depreciation is computed using accelerated methods for financial reporting and income tax purposes. Estimated useful lives vary from 5 to 7 years for office equipment.

HAZARD & SIEGEL, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 2. Summary of Significant Accounting Policies (continued)

Securities Transactions

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Customers' securities transactions are reported on a settlement date basis with related commission income and expenses reported on a trade date basis.

Commission Income

Company commissions and related clearing expenses are recorded on a trade date basis as securities transactions occur.

Income Taxes

The Company has analyzed filing positions in all of the federal and state jurisdictions where it is required to file income tax returns, as well as all open tax years in these jurisdictions. The Company believes that its income tax filing positions and deductions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position. Therefore, no reserves for uncertain income tax positions have been recorded. In addition, the Company did not record a cumulative effect adjustment related to this adoption.

The Company's policy for recording interest and penalties associated with audits is to record such items as a component of income before taxes. There were no such items during the periods covered in this report.

The Company has elected to be treated as a Subchapter "S" Corporation under the Internal Revenue Code and the New York State Corporation Tax Law. Under these elections, the income, generally, is taxed directly to the stockholder. New York State has a minimum tax on corporations, which resulted in a corporate level tax of \$1,000 and is reflected in these financial statements.

Compensated Absences

The Company has not accrued for compensated absences. The Company recognizes compensation expense when it is paid to the employees.

HAZARD & SIEGEL, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

Note 2. Summary of Significant Accounting Policies (continued)

Events Occurring After Reporting Date

Management has evaluated subsequent events through February 25, 2016, which is the date the financial statements were available to be issued.

Note 3. Commissions Receivable and Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities whose counterparties include a fully disclosed carrying broker and other financial institutions. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty. The Company has not experienced any credit risk related to loss and there has been no bad debt related expense from these transactions during the reporting period. It is the Company's policy to review, as necessary, the credit standing of each counterparty. The Company uses the direct write-off method in recognizing bad debt. There was no bad debt expense incurred during the year ended December 31, 2015.

Note 4. Fair Value Measurement and Investments

Fair Value Measurement

Generally Accepted Accounting Principles (GAAP), establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair values.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels: *Level 1 Inputs* are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access; *Level 2 Inputs* are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly; *Level 3 Inputs* are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability.

HAZARD & SIEGEL, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 4. Fair Value Measurement and Investments (continued)

<u>Investments</u>	Cost	Level 1 Inputs Fair Value
Cost and fair value of equity securities:		
Equity securities	<u>\$ 24,236</u>	<u>\$ 23,509</u>
Unrealized gains - net		<u>\$ (727)</u>

Investments are recorded at fair value. Cost is determined on the first-in, first-out (FIFO) basis when calculating gains and losses.

Note 5. Off-Balance-Sheet Credit Risk

In the normal course of business, the Company's customer transactions are cleared on a fully disclosed basis with a correspondent clearing broker-dealer. As such, the Company does not handle either customer cash or securities. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices to fulfill the customer's obligations. Settlement of these transactions is not expected to have a significant effect upon the Company's financial position.

The Company does not engage in proprietary trading of volatile securities such as short options and futures.

Note 6. Property and Equipment - Net

A schedule of property and equipment is as follows:

Office equipment	\$ 33,246
Leasehold improvements	<u>11,022</u>
	44,268
Accumulated depreciation	<u>(31,083)</u>
Property and equipment - net	<u>\$ 13,185</u>

Depreciation expense was \$2,908 for the year ended December 31, 2015.

HAZARD & SIEGEL, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 7. Commitments and Contingencies

Operating Leases

The Company has a ten-year lease on its office in Dewitt, New York, with Hub Properties Trust through April 2017. The Company also subleases office space on a month-to-month basis at \$2,200 per month. Rent expense was \$55,957 for the year ended December 31, 2015.

The Company has a thirty-six month lease for a vehicle with Nissan Motor Acceptance Corporation, expiring September 2018. Total auto lease expense was \$5,778 for the year ended December 31, 2015.

The minimum annual rental commitments over the next five years are as follows:

	Real Estate	Vehicle	Total
2016	\$ 27,754	\$ 6,620	\$ 34,374
2017	\$ 9,282	\$ 6,620	\$ 15,902
2018	\$ -	\$ 4,965	\$ 4,965
Thereafter	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Total	<u>\$ 37,036</u>	<u>\$ 18,205</u>	<u>\$ 55,241</u>

HAZARD & SIEGEL, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

Note 8. Net Capital Requirements

As a registered broker-dealer, Hazard & Siegel, Inc. is subject to the requirements of Rule 15c3-1 ("The Net Capital Rule") under the Securities Exchange Act of 1934. The basic concept of the rule is liquidity, its object being to require a broker-dealer to have, at all times, sufficient liquid assets to cover its current indebtedness. Specifically, the rule prohibits a broker-dealer from permitting its "aggregate indebtedness" from exceeding fifteen times its "net capital" as those terms are defined and the rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. On December 31, 2015, Hazard & Siegel, Inc.'s aggregate indebtedness and net capital were \$289,185 and \$66,658 respectively, a ratio of 4.34 to 1 and net capital exceeded the minimum capital requirement of \$19,279 by \$47,379.

Note 9. Related Party Transactions

The Company subleases office space on a month-to-month basis at \$2,200 per month. Rent expense was \$26,400 for the year ended December 31, 2015.

The Company shares the expense of a new business design, processing, and tracking system, as well as the cost of its Time Warner Cable bill. The annual expense was \$3,833 for the year ended December 31, 2015.

The Company shares the expense of its errors and omission insurance coverage. The annual expense paid to the related party for the year ended December 31, 2015 was \$55,000.

The Company is reimbursed by a related party as a shared expense part of the salary for one of its employees. The annual amount received from the related party for the year ended December 31, 2015 was \$18,563.

The Company shares the expenses for some banking services and other miscellaneous expenses. The annual expense paid to the related party for the period ending December 31, 2015 was \$3,646.

Note 10 Subsequent events

Subsequent to the filing of the firm's 4th quarter FOCUS report, the firm discovered that more than 10 trades were executed on its behalf in a brokerage account owned by the firm and counted into its net capital calculations. This was self reported to FINRA, as it may have required the firm to file as a broker dealer with a \$100,000 minimum net capital requirement. As this trading threshold resets on an annual basis, the firm is not currently in any net capital violation and is proactively working with FINRA on any potential past adjustments.
