To the Member of

Chicago, Illinois

We have audited the accompanying statement of financial condition of PricewaterhouseCoopers Corporate Finance LLC ("the Company") as of June 30, 2017. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE A - GENERAL BUSINESS

PricewaterhouseCoopers Corporate Finance LLC (the “Company”) is registered with the Securities and Exchange Commission (the “SEC”) as a broker-dealer and is a member of the Financial Industry Regulatory Authority (“FINRA”). The Company was organized as a limited liability company under the laws of the state of Delaware. As such, its member liabilities in the Company’s obligations and debts shall be limited to the amounts of their capital contributions.

The Company engages in the investment banking business by providing financial advisory services to institutional customers, advising and arranging capital sourcing, mergers and acquisitions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Cash and Cash Equivalents

Cash and cash equivalents include cash balances held in financial institutions.

2. Accounts Receivable

Accounts receivable are reported at their outstanding balances.

Management periodically evaluates the adequacy of the allowance for doubtful accounts by considering the Company’s past receivables loss experience, known and inherent risks in the accounts receivable population, adverse situations that may affect a client’s ability to pay, and current economic conditions.

The allowance for doubtful accounts is increased by charges to bad debt expense and decreased by charge offs of the accounts receivable balances. Accounts receivable are considered past due based on their payment terms. Accounts receivable are charged off based on management’s case-by-case determination that they are uncollectible.

Management believes that substantially all accounts receivable are collectible at June 30, 2017. No material allowances have been provided.

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

3. Income Taxes

No provision for Federal, state, or city income taxes has been made since the Company is not a taxable entity and the members are individually liable for the taxes on their shares of the Company's income or loss. A tax position is recognized as a benefit only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax benefit is recorded.

4. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions in determining the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

NOTE C - RELATED PARTY TRANSACTIONS

1. Intercompany Transactions

Net revenues were collected and expenditures processed by PricewaterhouseCoopers LLP (PwC), the Company's parent, on behalf of the Company. Collections are processed by PwC and deposited directly into the Company's accounts.

At June 30, 2017, the amount due from PwC was \$14,276,925, which represents the net amount of revenues collected and expenditures paid and allocated by PwC.

2. Employee Benefit Plans

PwC maintains a defined contribution plan covering all employees of PwC and certain related entities, including the Company. The Plan provides that employees who have attained age 21 voluntarily contribute from 1% to 100% of their pre-tax compensation to the Plan and/or from 1% to 100% of post-tax compensation to the Plan, with the total amount of contributions not to exceed 100% of compensation. The Company matches employee contributions in the amount of 25% of the first 6% of compensation contributed to the Plan. The Company also makes a profit sharing contribution of 5% (8% for Managing Directors, and 7% for grandfathered Directors) of compensation regardless of the employees' contributions.

The Company also participates in PwC's cash balance pension plan, with allocations for its employees made in the same amount as the prior profit sharing contributions.

3. Retirement Wealth Building Plan

Beginning July 1, 2008, the Company began making contributions to the plan for all employees, except for student interns or employees on international assignment but not on the payroll in the United States of America. The Company will pay 100% of the contributions made to the plan as well as all of the administrative and recording keeping fees. The Company will make contributions for each employee on a bi-monthly basis. Special one-time contributions may also be made depending on the circumstances. The amount of contribution for each employee is based on the employee's benefit service and position.

NOTE D - CONCENTRATION OF CREDIT RISK

The Company is subject to credit risk at June 30, 2017, as the majority of all cash and cash equivalents are held at one financial institution, in excess of the federally insured amount of \$250,000.
