FIRST WESTERN SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE 1 - ORGANIZATION AND OPERATIONS

First Western Securities, Inc. (the Company) was incorporated in Texas on March 27, 1987 and commenced business as a registered broker/dealer on July 7, 1987. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company operates under SEC Rule 15c3-3(k)(2)(ii); such that, it does not have any possession or control of customer funds or securities. The Company operates under a clearing agreement with First Clearing, LLC (First Clearing), an affiliate of Wells Fargo and Company. Under this agreement, First Clearing clears transactions for the Company's customers and carries the accounts of customers on a fully disclosed basis. The predominance of the Company's customers live in Texas and Oklahoma.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (U.S. GAAP). Policies and practices that materially affect the determination of financial position, changes in financial position, and results of operations are summarized as follows:

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows, the Company considers any short-term investment convertible to cash within three months or less with little or no change in the principal amount to be a cash equivalent. Cash and cash equivalents at June 30, 2017 consist of cash in bank.

During the year ended June 30, 2017, the Company's deposits at a bank occasionally exceeded Federal Deposit Insurance. Management believes the risk of incurring material losses related to this credit risk is remote.

COMMISSIONS RECEIVABLE

Commissions receivable are reported at the amount management expects to collect on balances outstanding at year-end. Commissions are earned through quality financial institutions and reputable mutual fund companies. Substantially all of the year-end receivable balance is from entities that have a history of paying promptly. No allowance was deemed necessary as of June 30, 2017. The Company utilizes the allowance method for recognition of bad debts. For the year ended June 30, 2017, the Company recognized no bad debt expense.

FURNITURE AND EQUIPMENT

All furniture and equipment is recorded at cost and depreciated over their estimated useful lives, using the straight-line method. The estimated useful lives on furniture and equipment range from three to five years. Upon sale or retirement, the cost and related accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss included in the statement of income. Repairs and maintenance charges that do not increase the useful lives of the assets are charged to income as incurred. Depreciation expense for the year ended June 30, 2017 amounted to \$-0-.

RECOGNITION OF COMMISSION REVENUE AND EXPENSE

The Company records commission income as earned, on the trade date basis. Commission expense is recognized at the same time along with any related clearing expenses.

FIRST WESTERN SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

INVESTMENT ADVISORY INCOME

Investment advisory fees are received quarterly but are recognized as earned on a pro rata basis over the term of the contract.

CONCENTRATION OF CREDIT RISK

The Company primarily utilizes First Clearing to execute all of its customers' stock and bond transactions. First Clearing remits the Company's commission on these trades monthly. Therefore, a portion of the Company's commission receivable balance could be at risk at any point in time.

ADVERTISING EXPENSE

Advertising costs are expensed as incurred. Advertising expense for the year ended June 30, 2017 was \$968.

INCOME TAXES

The Company accounts for income taxes in accordance with U.S. GAAP which requires the use of the "liability method" of accounting for income taxes. Accordingly, deferred tax liabilities and assets are determined based on the difference between the financial statement and tax bases of assets and liabilities, using enacted tax rates in effect for the year in which the differences are expected to reverse. Current income taxes are based on the year's income taxable for income tax reporting purposes.

The Company recognizes and discloses its tax positions in accordance with Accounting Standards Codification No. 740, which requires the disclosure of uncertain tax positions and related penalties and interest recognized in the financial statements. The Company has not maintained any tax positions which it believes would not be reasonably sustainable upon examination by a taxing authority. Accordingly, no related penalties or interest were recognized in the financial statements.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's financial instruments consist of cash and cash equivalents, receivables, accounts payable and accrued expenses. The recorded values of these financial instruments approximate their fair values based on their short-term nature.

NOTE 3 - CLEARING DEPOSITS

As of June 30, 2017, the Company had a balance of \$67,344 on deposit with First Clearing. The Company is required to maintain a clearing deposit balance with this clearing broker for the execution of investment trades.

NOTE 4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's "Uniform Net Capital" Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2017, the Company had net capital of \$97,166 that was \$47,166 in excess of its required net capital of \$50,000. Net capital and the related net capital ratio may fluctuate on a daily basis. The Company's ratio of aggregate indebtedness to net capital was 1.95 to 1.

FIRST WESTERN SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE 5 - FEDERAL INCOME TAXES

Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

Deferred income taxes are provided for differences between financial statement and income tax reporting. This primarily results from the use of the accelerated cost recovery system and the modified accelerated cost recovery system for tax depreciation.

The deferred federal income tax liability of \$129 as of June 30, 2017 relates to accumulated tax depreciation being more than accumulated book depreciation by \$380.

The federal income tax payable at June 30, 2017 is calculated as follows:

<u>Federal Income Tax (Receivable) Payable</u>	
Pre-tax income per financial statements	\$ 54,910
Timing and Permanent differences, net:	<u>(1,907)</u>
Income for federal income tax purposes	53,003
Effective federal income tax rate	<u>15.57%</u>
Current federal income tax expense per tax return	8,251
Less: Federal income tax deposits/credits made for current period	<u>(2,395)</u>
Federal Income Tax Payable	<u>\$ 5,856</u>

The components of federal income tax expense for the year ended June 30, 2017 are as follows:

Current	\$ 8,251
Other	<u>(5,062)</u>
Federal Income Tax Expense	<u>\$ 3,189</u>

NOTE 6 - EMPLOYEE BENEFIT PLAN

The Company adopted a 401(k) Profit Sharing Plan during the year ended June 30, 1993, whereby the employees may elect to make contributions pursuant to a salary reduction agreement upon meeting length of service requirements. The Company does not have a matching contribution obligation. During the year ended June 30, 2017, the Company elected not to make any discretionary contribution.

NOTE 7 - SUBORDINATED LIABILITIES

There were no liabilities which were subordinated to the claims of general creditors at June 30, 2017.
