These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of WNC Capital Corporation as of August 31, 2017, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information in Schedules I, II and III has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to Financial Statements August 31, 2017

Note 1 - Organization and Summary of Significant Accounting Policies General Organization

WNC Capital Corporation (the "Company"), a California corporation, wholly-owned by WNC & Associates, Inc. ("WNC", or "Parent"), was organized on February 23, 1994 principally to facilitate the distribution of securities of partnerships offered by the affiliates of WNC. The Company is registered with the Securities and Exchange Commission ("SEC") as a broker/dealer in securities and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company provides wholesaling services to affiliates of WNC. The Company does not carry customers' accounts or hold securities for the accounts of customers and accordingly operates under the exemptive provisions of Rule15c3-3(k)(2)(i) under the Securities and Exchange Act of 1934.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could materially differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturities of three months or less when purchased to be cash equivalents.

Revenue Recognition

Commissions revenue and related expenses are recorded upon sale of limited partnership interests in investment partnerships managed and syndicated by WNC (see Note 2). Dealer-manager, organizational fees, and investment advisory fees are recorded when the related services are performed and are recognized as income ratably as the partnerships invest in apartment complexes. Fees that are collectible pursuant to the terms of the partnership agreements, and which have not been earned as fee income, are deferred. The Company and WNC have a fee sharing arrangement for organizational fees, whereby WNC allocates 40% of the total organizational fees earned for each partnership to the Company, not to exceed \$75,000.

Income Taxes

Under the asset and liability method of ASC 740, "Income Taxes", deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective bases.

As the Company is a wholly owned subsidiary of WNC, the Company is included in the consolidated tax return of WNC. Federal and state income tax expense or benefit is allocated from WNC based on an approximate 1.5% effective income tax rate applied to income or loss before income taxes and after adjustments for permanent items.

Notes to Financial Statements August 31, 2017

The Company's federal tax returns, which are filed as part of the consolidated WNC & Associates, Inc. returns, remain subject to examination for 2014 and subsequent years. The Company also generally remains subject to the examination of various state income tax returns for a period of four to five years from the date the return was filed.

In accordance with the accounting guidance for uncertainty in income taxes, the Company has examined the likelihood that tax positions would be challenged in an audit conducted by the taxing authorities. The Company believes that it is more likely than not that its tax positions would withstand audit, and as a result, has not recorded a liability for taxes, interest or penalties that result from uncertain tax positions. The Company has no unrecognized tax benefits as of August 31, 2017.

The Company recognizes interest and penalties associated with tax matters, as applicable, as part of other expenses and includes accrued interest and penalties in due to affiliates, net in the statement of financial condition. The Company did not recognize any interest or penalties associated with tax matters for the year ended August 31, 2017.

Note 2 - Related Party Transactions

Due from affiliates represents funds advanced to affiliates of the Company as of August 31, 2017 for use in the affiliates' operations. Such amounts are noninterest-bearing, due upon demand and are generally repaid from the affiliates' cash flows and operating reserves in subsequent months. If management determines that an amount due from an affiliate is not recoverable, the amount is reserved for in that period.

WNC and the Company have a cost sharing arrangement for compensation and benefits, administrative services, office space and equipment. Under the arrangement, WNC incurs the services/costs and contributes them to the Company. For the year ended August 31, 2017, the Company incurred \$356,592 in such services/costs and has reflected these amounts in the accompanying financial statements as a charge to operations in the statement of operations and as a contribution of capital in the statement of changes in stockholder's equity. The Company is significantly reliant on the operating services provided by WNC. Were the Company to hire its own employees and/or procure the services from a third party, the services/costs may be materially different than those currently incurred under the cost sharing arrangement.

All commissions and organization fees earned during the year ended August 31, 2017 were generated from services provided to WNC affiliates.

Due to affiliates represents money advanced from WNC for purposes of paying operating expenses of the Company that are not intended to be treated as contributed services.

During the year ended August 31, 2017, \$1,595 was paid for by WNC on behalf of the Company and included in due to affiliates.

Notes to Financial Statements August 31, 2017

Note 3 - Net Capital Requirements

The Company is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At August 31, 2017, the Company had net capital of \$1,680,497, which was \$1,675,497 in excess of the required net capital. The Company's aggregate indebtedness to net capital ratio was 0.0221 to 1 at August 31, 2017.

Note 4 - Risk and Uncertainties

Registration

The Company must register with state departments which govern compliance with securities laws in states where it does business. Various regulatory requirements exist in each state with which the Company must comply. Because of the various compliance laws, there is a risk that one or more regulatory authorities could determine that the Company has not complied with securities laws necessary for it to conduct business in a given state. Regulatory actions, if ever taken, could have a material adverse effect on the Company's financial condition and operating results.

Economic Dependence

The Company derives its revenues from the sale of limited partnership units of entities syndicated by WNC. Should WNC's syndication activity materially change, the results of operations of the Company could be materially impaired.

Concentration of Credit Risk

Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. The Company has not experienced any losses to date related to these balances.

Note 5 - Subsequent Events

Events that occur after the balance sheet date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the balance sheet date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after balance sheet date require disclosure in the accompanying notes. Management evaluated the activity of the company through October 13, 2017 and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Directors WNC Capital Corporation

We have reviewed management's statements, included in the accompanying Rule 15c3-3 Exemption Report, in which (1) WNC Capital Corporation (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(i) (the "exemption provision") and (2) the Company stated that it met the identified exemption provision throughout the most recent fiscal year ending August 31, 2017 without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
