REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of Harvestons Securities, Inc.

We have audited the accompanying statement of financial condition of Harvestons Securities, Inc. as of August 31, 2017, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of Harvestons Securities, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Harvestons Securities, Inc. as of August 31, 2017, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information, which include, Schedule I, Computation of Net Capital Under SEC Rule 15c3-1, Schedule II, Computation for Determination of Reserve Requirements Under SEC Rule 15c3-3 (exemption) and Schedule III, Information Relating to Possession or Control Requirements Under SEC Rule 15c3-3 (exemption), has been subjected to audit procedures performed in conjunction with the audit of Harvestons Securities, Inc.'s financial statements. The supplemental information is the responsibility of Harvestons Securities, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the Computation of Net Capital Under SEC Rule 15c3-1, Computation for Determination of Reserve Requirements Under SEC Rule 15c3-3 (exemption) and Information Relating to Possession or Control Requirements Under SEC Rule 15c3-3 (exemption) is fairly stated, in all material respects, in relation to the financial statements as a whole.

HARVESTONS SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2017

1. ORGANIZATION, OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization:

Harvestons Securities, Inc. (the "Company"), was incorporated in the State of Colorado on January 15, 1993 for the purpose of conducting business as a registered, fully disclosed securities broker-dealer.

Harvestons has claimed an exemption from Rule 15c3-3 of the Securities and Exchange Commission. The Company does not hold cash or securities for the account of customers. The Company clears certain of its proprietary and customer transactions through a clearing organization on a fully disclosed basis. The amounts receivable from and/or payable to the clearing organization relate to these transactions. In addition, the Company maintains a deposit of \$100,000 with the clearing organization at August 31, 2017.

Depreciation and Amortization

Depreciation is provided on a straight-line basis using estimated useful lives of three to five years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

Marketable Securities

Marketable securities consist of equities and are valued at quoted market value, which is a level 1 input, as described in Note 4. The resulting difference between cost and market is treated as unrealized gain or loss at the year end, which is included in trading revenue.

Income taxes

Income taxes are provided at the statutory rate, and are based on earnings reported in the financial statements. Deferred income taxes are provided using a liability approach based upon enacted tax laws and rates applicable to the periods in which the taxes become payable.

The Company recognizes and measures its unrecognized tax benefit in accordance with Accounting Standards Codification ("ASC") Topic 740, Income Taxes, ("ASC 740"). Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. The Company's tax returns ended August 31, 2014, 2015, 2016 and (although not yet filed) 2017 are subject to potential examination by the taxing authorities.

Statement of Cash Flows:

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business. The Company had no cash equivalents during the year ended August 31, 2017. ASC Topic 940-320-45-7 states that broker-dealers should report trading securities activities in the operation section of the statement of cash flows.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial Instruments

The Company accounts for its investment securities at fair value under accounting literature including Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 320, *Investments Debt and Equity Securities* ("FASB ASC 320"), pertaining to investments in debt and equity securities and the fair value option of financial instruments in FASB ASC 825, *Financial Instruments* ("FASB ASC 825").

Certain of the Company's assets and liabilities are required to be measured at fair value. For those assets and liabilities, the Company determines fair value using the fair value measurement provisions included in FASB ASC 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820"). FASB ASC 820 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value and requires additional disclosures about fair value measurements. The definition of fair value focuses on the price that would be received to sell the asset or paid to transfer the liability between market participants at the measurement date (an exit price). An exit price valuation will include margins for risk even if they are not observable. FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels ("Level 1, 2 and 3"). See note 4 for additional information regarding FASB ASC 820.

FASB ASC 320 requires that the Company classify its investments as either (i) held to maturity, (ii) available for sale, or (iii) trading. This determination is made at the time a security is purchased. FASB ASC 320 requires that both trading and available for sales securities are to be carried at fair value. However, in the case of trading assets, both unrealized and realized gains and losses are included in trading revenue in the Statement of Operations.

In the period presented, all securities were classified as trading. No securities were classified as held to maturity or available for sale. For the period presented, all securities owned by the Company were accounted for at fair value with unrealized and realized gains and losses recorded in the statement of operations.

During the year ended August 31, 2017 the company recognized \$67,051 and \$7,971 in unrealized and realized gains, respectively.

All securities that are classified as trading are included in securities owned at market. The determination of fair value is based on quoted market prices of an active exchange, independent broker market quotations, valuations provided by pricing services or, when independent broker quotations or pricing service valuations are unavailable, valuation models prepared by the Company's management. These models include estimates and the valuations derived from them could differ materially from amounts realizable in an open market exchange.

Revenue Recognition

Proprietary securities transactions in trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Company are recorded on the trade date basis. Transactions for customers with related commission income and expenses are reported on the trade date basis. Amount receivable and payable for securities transactions that have not reached their contractual settlement date are recorded net on the statement of financial condition. Securities are recorded at fair value in accordance with ASC Topic 820, "*Fair Value Measurements and Disclosures*."

Investment Banking (Underwriting Income)

Investment banking revenues include gains, losses and fees, net of syndicate expenses, arising from securities offering in which the Company acts as an underwriter or agent. Investment banking revenues also include fees earned from providing merger-and-acquisition and financial restructuring advisory services. Investment banking management fees are recorded on offering date, sales concessions on settlement date, and underwriting fee at the time the underwriting is completed and the income is reasonably determinable.

Commission Expense

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Concentrations of Credit Risk

The Company engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

The Company maintains its cash in bank deposit accounts, which at times, exceeds federally insured limits. The Company has not experienced any losses in such accounts through August 31, 2017.

Recent Accounting Pronouncements

The Company adopts all applicable, new accounting pronouncements as of the specified effective dates.

In May 2014, the FASB issued Accounting Standards Update (“ASU”) ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606) (“ASU 2014-09”), that outlines a comprehensive five-step revenue recognition model based on the principle that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In July 2015, the FASB approved a one-year deferral of the effective date of ASU 2014-09, and is applicable for annual reporting periods beginning after December 15, 2017, with an option that would permit companies to adopt the standard as early as the original effective date of 2017. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP.

ASU 2014-09 may be adopted either retrospectively or on a modified retrospective basis whereby it would be applied to new contracts and existing contracts with remaining performance obligations as of the effective date, with a cumulative catch-up adjustment recorded to beginning retained earnings at the effective date for those contracts. The updated standard is effective for us in our fiscal year ended August, 2018 and we do not plan to early adopt. The Company is currently evaluating the impact of ASU No. 2014-09 on its financial position, results of operations and liquidity.

In March 2016, the FASB issued ASU No. 2016-08, “Revenue from Contracts with Customers - Principal versus Agent Considerations.” This Update provides clarifying guidance regarding the application of ASU No. 2014-09 - Revenue From Contracts with Customers when another party, along with the reporting entity, is involved in providing a good or a service to a customer. In these circumstances, an entity is required to determine whether the nature of its promise is to provide that good or service to the customer (that is, the entity is a principal) or to arrange for the good or service to be provided to the customer by the other party (that is, the entity is an agent). The amendments in the Update clarify the implementation guidance on principal versus agent considerations. The Update is effective, along with ASU 2014-09, for annual and interim periods beginning after December 15, 2017. The updated standard is effective for us in our fiscal year ended August, 2018 and we do not plan to early adopt. The Company is currently evaluating the impact of ASU No. 2016-08 on its financial position, results of operations and liquidity.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on our financial statements upon adoption.

2. NET CAPITAL REQUIREMENTS

Harvestons is subject to the Securities and Exchange Uniform Net Capital Rule for fully disclosed broker-dealers (SEC Rule 15c3-1), which requires the maintenance of minimum net capital of \$100,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At August 31, 2017, the Company had net capital of \$194,548, of which \$94,548 was in excess of its required net capital of \$100,000. The Company had aggregate indebtedness in the amount of \$265,192. Therefore, its ratio of aggregate indebtedness to net capital was 1.36 to 1 at August 31, 2017.

3. PROPERTY AND EQUIPMENT

Property and equipment consists of following at August 31, 2017:

| | |
|---|-----------------|
| Furniture and Fixtures | \$ 35,333 |
| Computers and Equipment | 42,329 |
| Leasehold Improvements | <u>15,194</u> |
| | 92,856 |
| Less: Accumulated Depreciation and Amortization | <u>(92,856)</u> |
| | <u>\$ -</u> |

4. FAIR VALUE DISCLOSURES

Fair Value Measurements

In accordance with FASB ASC 820, the Company has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the hierarchy under FASB ASC 820 are described below:

- Level 1 Financial assets and liabilities whose values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Financial assets and liabilities whose values are based on one or more of the following:
1. Quoted prices for similar assets or liabilities in active markets;
 2. Quoted prices for identical or similar assets or liabilities in non-active markets;
 3. Pricing models whose inputs are observable for substantially the full term of the asset or liability; or
 4. Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.
 5. Values provided by independent pricing services.
- Level 3 Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

In certain case, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgement, and considers factors specific to the asset or liability.

At August 31, 2017 the Company's securities owned at market are deemed to be Level 1 as the fair value is based on quoted market value.

5. REVENUE CONCENTRATION

During the year ended August 31, 2017, the Company recognized a concentration of revenues from three customers comprising 9%, 10% and 43% of total revenues.

6. INCOME TAXES

The provision for income taxes for the year ended August 31, 2017 is \$28,400. \$25,700 is current and consisted of \$21,300 in Federal income tax and \$4,400 in State income tax. The Company recorded a deferred provision of \$2,700.

At August 31, 2017, the Company has a deferred tax liability of \$2,700 related to unrealized gain on securities. Accordingly, the valuation allowance from prior year of \$4,900 was reversed during the year ended August 31, 2017.

A reconciliation of the standard federal tax rate of 35% to the Company's effective tax rate for the year ended August 31, 2017 is as follows:

| | |
|--|---------------|
| Computed expected tax rate | 35.0% |
| State income tax, net of federal benefit | 3.6% |
| Federal surtax exemption | (10.0%) |
| Permanent differences | 5.9% |
| Prior year trueup | (5.0%) |
| Change in valuation allowance | <u>(4.3%)</u> |
| Effective tax rate | <u>25.2%</u> |

7. RELATED PARTY TRANSACTIONS AND COMMITMENTS

The Company uses corporate office space of a company owned in part by the stockholder of Harvestons. Harvestons has no current obligations for rent payments to this company. Harvestons also carries one month to month office lease at approximately \$259 per month plus costs. Rent expense under these leases in fiscal year 2017 was \$3,008.

The Company periodically receives advances from or advances money to the stockholder. Advances to and from the stockholder are made on an interest free basis. The stockholder had no balance due to or from the Company at August 31, 2017.

8. PENSION PLAN

The Company implemented a cash balance plan on September 1, 2015. The plan's fiscal year matches the Company's fiscal year. Employees become eligible after attaining age 21 and after 1 year of employment with the Company. The employee may become a participant of the plan as of the earlier of the first day of the plan year or the first day of the seventh month of such plan year coinciding with or next following the date such employee met the eligibility requirement. Eligible employees are not required to contribute to the plan. Contributions to the Plan are discretionary and are limited to

specified percentages of compensation for the President, Executive Vice President and other employees. The Contributions are subject to a vesting schedule and become fully vested after 3 years of service. The Company recorded contributions of \$200,947 for the year ended August 31, 2017.

9. SUBSEQUENT EVENTS

The Company has evaluated events and transactions that occurred subsequent to August 31, 2017, for possible disclosure or recognition in the financial statements. The Company has determined that there were no such events or transactions that warrant disclosure or recognition in the financial statements through the date these financial statements were available to be issued, October 27, 2017.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM – EXEMPTION REPORT REVIEW

To the Board of Directors and Shareholder
of Harvestons Securities, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report required by SEC Rule 17a-5, in which (1) Harvestons Securities, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Harvestons Securities, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: under the provision (k)(2)(ii) "Customer Protection-Reserves and Custody of Securities" (the "exemption provision") and (2) Harvestons Securities, Inc. stated that it has met the identified exemption provisions throughout the most recent fiscal year without exception. Harvestons Securities, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Harvestons Securities, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in Section (k)(2)(ii) "Customer Protection-Reserves and Custody of Securities" of Rule 15c3-3 under the Securities Exchange Act of 1934.

Exemption Report

RE: Harvestons Securities, Inc.' fiscal year end August 31, 2017 Certified Audit

Harvestons Securities, Inc. is operating under the (k)(2)(ii) exemption of SEC Rule 15c3-3, "Customer Protection Reserves and Custody of Securities". The firm does not hold cash or securities for the account of customers. All transactions are cleared through separate broker-dealers, on a fully disclosed basis.

To the best knowledge and belief, the firm qualifies for exemption from the provisions of SEC Rule 15c3-3(k)(2)(ii), and has met the identified exemption provisions for the year ended August 31, 2017 without exception.

INDEPENDENT ACCOUNTANT'S AGREED-UPON PROCEDURES REPORT ON SCHEDULE OF ASSESSMENT AND PAYMENTS (FORM SIPC-7b)

Board of Directors of Harvestons Securities, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (Form SIPC-7b) to the Securities Investor Protection Corporation (SIPC) for the year ended August 31, 2017, which were agreed to by Harvestons Securities, Inc., "the Company" and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC, and any Other Designated Examining Authority, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of Form SIPC-7b. Harvestons Securities, Inc.'s management is responsible for its compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7b with respective cash disbursement records entries [Description of Disbursement Records], noting no differences;
- 2) Compared the amounts reported on the audited Form X-17A-5 for the year ended August 31, 2017, as applicable, with the amounts reported in Form SIPC-7b for the year ended August 31, 2017, noting no differences;
- 3) Compared any adjustments reported in Form SIPC-7b with supporting schedules and working papers, trial balance, ledgers of accounting activity, SIC 6 and bank statements noting no differences;
- 4) Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7b and in the related schedules and working papers, as described in #3, supporting the adjustments noting no differences; and
- 5) Compared the amount of payment applied to the current assessment with the Form SIPC-7b on which it was originally computed, noting no material differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
