REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
Carl M. Hennig, Inc.

We have audited the accompanying statement of financial condition of Carl M. Hennig, Inc. as of September 30, 2017, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. The Company's management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of financial condition. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Carl M. Hennig, Inc. as of September 30, 2017, in accordance with accounting principles generally accepted in the United States of America.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2017

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Carl M. Hennig, Inc. (the "Company") was incorporated in the state of Wisconsin on December 9, 1968. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Basis of Presentation - The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Securities Transactions - Securities transactions of the Company, including commission revenue and related expense, are recorded on a trade date basis, which is the same business day as the transaction date.

Depreciation - Depreciation of furniture and equipment is provided for using various methods over five to seven year periods. Depreciation of leasehold improvements is provided using the straight-line method over a thirty-nine year period.

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, most of the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2017

NOTE 2 – INCOME TAXES

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as other expense. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to the differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, including net operating losses. Future tax benefits are recognized only to the extent that realization of such benefits, in the opinion of management, is more likely than not.

The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2013.

NOTE 3 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

CARL M. HENNIG, INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED SEPTEMBER 30, 2017

NOTE 3 - FAIR VALUE MEASUREMENT - *(Continued)*

- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Securities owned on the Statement of Financial Condition consist of equity securities. In addition, included in Receivable from broker/dealers on the Statement of Financial Condition is \$179,849 held at the Company's Clearing Broker/dealer that is invested in a security registered under the Investment Company Act of 1940.

Description	Fair Values as of September 30, 2017	Fair Value Measurements at Reporting Date Using		
		Level 1	Level 2	Level 3
Securities owned	\$ 95,790	\$ 95,790	\$ 0	\$ 0
Receivable from broker/dealers	179,849	179,849	0	0
Total Investments	<u>\$ 275,639</u>	<u>\$ 275,639</u>	<u>\$ 0</u>	<u>\$ 0</u>

No valuation techniques have been applied to any other assets or liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical value.

NOTE 4 - PROFIT-SHARING PLAN

The Company has a discretionary profit-sharing plan covering substantially all of its employees. For the year ended September 30, 2017, the Company incurred \$100,915 of expense associated with this plan.

NOTE 9 - CLEARING AGREEMENT WITH OFF-BALANCE-SHEET RISK

The Company sells securities it does not currently own (short sales) and will therefore be obligated to purchase such securities at a future date. The Company records these obligations in its financial statements at the market values of the related securities and will incur a loss if the market value of the securities increases subsequent to the financial statement date. As of September 30, 2017, the Company had no short sales recorded in its statement of financial condition. The Company also enters into these transactions to meet the needs of its customers, conduct trading activities, and manage market risks.

In order to facilitate the aforementioned transactions, as well as other transactions on behalf of its customers, the Company has entered into an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. Either party may terminate the agreement without cause upon one hundred twenty days prior written notice. Pursuant to terms of the agreement, the Company is prohibited from entering into any other similar agreement unless it receives prior written approval from the Clearing Broker/dealer.

The agreement is due to expire on March 1, 2020. To assure the Company's performance under this agreement, the Company is required to maintain a \$50,000 deposit with the Clearing Broker/dealer. The Company is also required to maintain a \$120,000 broker/dealer fidelity bond. Additional provisions of the agreement state that the Company is to be held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss.
