Notes to Statement of Financial Condition

September 30, 2017

(1) Organization

ANZ Securities, Inc. (the Company) is a wholly owned subsidiary of Minerva Holdings Limited, which, in turn, is a wholly owned subsidiary of ANZ Funds Pty Limited (the Parent), which, in turn, is ultimately a wholly owned subsidiary of Australia and New Zealand Banking Group Limited (the Ultimate Parent).

The Company is a non-carrying broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA), as well as the Securities Investor Protection Corporation (SIPC).

The Company participates in the underwriting of fixed income securities as a Selling Group Member, Manager, or Co-Manager. The Company is a placement agent in the Regulation D private placement of securities on a “best-efforts” basis. Clearing and settlement services in relation to underwriting activities are rendered by an independent firm, Pershing LLC, under a fully disclosed clearing agreement.

Further, the Company is a dealer in Australian, New Zealand, and Asian fixed income securities and acts as an agent for the Ultimate Parent, liaising between U.S. customers and the Ultimate Parent. The Ultimate Parent performs execution, clearing, and settlement services for the transactions where the Company acts as its agent.

Securities transactions are made on a delivery versus payment basis or receipt versus payment basis (DVP/RVP).

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Company maintains its financial records in United States dollars. These financial statements are prepared under U.S. generally accepted accounting principles (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

(c) Fixed Assets

The Company does not maintain or own any fixed assets. The furniture, fixtures, and equipment used in the daily operation are rented from the Ultimate Parent’s New York branch.

(d) Cash and Cash Equivalents

The Company considers investments in money market funds and all highly liquid investments with an original maturity of 90 days or less at the time of purchase as cash equivalents. Cash equivalents are carried at cost, which approximates fair value.

(e) Income Taxes

The Company accounts for income taxes in accordance with Account Standards Codification (ASC) Topic 740, *Income Taxes*. The Company records income taxes using the asset and liability method. Under this method, deferred tax assets and liabilities are recognized based on differences between financial statement and tax bases of assets and liabilities using presently enacted tax rates. A valuation allowance is recorded to reduce the carrying amounts of deferred tax assets, unless it is more likely than not that such assets will be realized. The Company recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgment occurs.

(f) Loss contingencies

The accrual amounts for legal contingencies are estimated in accordance with the probability of occurrence and reasonably estimable criteria of ASC Subtopic 450-20, *Loss Contingencies*.

(g) Deferred compensation

The Company may award its employees with deferred compensation, paid in shares of the Ultimate Parent. Such deferred compensation vests to the employee after a predetermined period from the date of award (currently, 3 years). In addition, under the existing incentive arrangements, mandatory deferral into shares applies to incentive amounts above a specified threshold, vesting progressively over a predetermined period, usually up to 3 years. In exceptional circumstances, deferred compensation may be granted to new employees upon commencement with ANZ to compensate for remuneration forgone from their previous employer. The vesting period generally aligns with the remaining vesting period of remuneration forgone, and therefore varies between awards.

The Company pays in cash to the Ultimate Parent the value of the granted award over the same period.

(3) Cash and Cash Equivalents

The composition of cash and cash equivalents as of September 30, 2017 is as follows:

Money Market Account	\$ 84,896,225
Payroll Account	199,676
Operating Bank Account (refer to Note 8 Related Party Transactions)	280,253
<u>Total cash and cash equivalents</u>	<u>\$ 85,376,154</u>

(4) Subordinated Borrowings

The Company has a Revolving Credit Facility (RCF) provided by the Parent whereby the Parent irrevocably agrees that the obligations of the Company, with respect to the payment of principal and interest, shall be subordinate to all claims of all other present and future creditors of the Company.

The RCF has a principal amount of \$150 million and a scheduled maturity date of February 26, 2019. As of September 30, 2016 the RCF was bearing interest at the rate of the three-month USD London Interbank Offered Rate (LIBOR) plus 225 basis points payable on the outstanding advances.

ANZ SECURITIES, INC.
(An Ultimately Wholly Owned Subsidiary of
Australia and New Zealand Banking Group Limited)

Statement of Financial Condition

September 30, 2017

Under the terms of the RCF, the Company may draw on the facility and/or repay outstanding advances in aggregate amounts of \$10 million or multiples thereof until February 26, 2018. Thereafter, in the remaining year to February 26, 2019, the Company is not able to make incremental drawings, and must repay any outstandings by the maturity date. The Company is required to notify FINRA of advances drawn under the RCF; while repayments of the principal amount prior to the final maturity date are subject to written approval of FINRA.

The Company received approval from FINRA that the current RCF meets FINRA's requirements for a satisfactory subordination agreement. It is accordingly treated as part of capital in the computation of net capital under SEC Rule 15c3-1 (see Note 9).

(5) Commitments and Contingent Liabilities

As of September 30, 2017 the Company was not involved in any significant pending court proceedings and accordingly does not carry any litigation exposure provisions.

(6) Employee Benefits

The Company participates in the Australia and New Zealand Bank Retirement Savings Plan, which is a defined contribution plan sponsored by the Ultimate Parent's New York branch. The plan is qualified under Section 401(k) of the Internal Revenue Code and covers all employees of the Company. Under the plan, employees are permitted to contribute up to 50% of compensation on a pre-tax basis and an additional 6% after tax, limited to maximum annual contribution amounts as set by the Internal Revenue Code. The Company makes matching contributions of up to 4% of employees' salaries, and in addition may make an additional contribution fully at its own discretion.

As of September 30, 2017, the Company has \$82,113 of unrecognized compensation costs related to unvested deferred compensation.

(7) Income Taxes

New York State and New York City are principally where the Company is subject to state and local income taxes, respectively. The Company's Federal and New York City tax returns for fiscal years ended September 30, 2014, 2015 and 2016 are open to examinations.

In the fiscal year ended September 30, 2016 the Company concluded an audit settlement with New York State for fiscal years up to and including 2014 in relation to sourcing of revenue, which was mutually agreed and not binding on the Company or New York State in subsequent fiscal years. Further, as a result of this audit settlement, as of September 30, 2017 the Company carries a payable recorded in the amount of \$240,666 with respect to fiscal years open for audit for New York State and City. The Company views this position as not subject to a significant variability in potential outcomes.

As of September 30, 2017, the Company recognized a deferred tax asset of \$81,872 related to interest expense and \$232,041 related to employee compensation. Management has determined that the realization of the recognized deferred tax assets is more likely than not, based on taxable temporary differences and anticipated future taxable income.

(9) Net Capital Requirement

The Company is subject to the SEC's Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital. The Company calculates its net capital requirement under the alternative method, which requires a broker-dealer to maintain net capital equal to the greater of \$250,000 or 2% of aggregate debit balances.

At September 30, 2017, the Company had net capital of \$84,378,369, which was \$84,128,369 in excess of its required net capital of \$250,000, and as such, is in compliance with the required net capital in accordance with SEC Rule 15c3-1.
