NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2017

NOTE 1 – NATURE OF OPERATIONS

Taylor Securities, Inc. (the “Company”) is engaged in the securities business, primarily handling Mutual fund and bond trade transactions and providing investment advisory services.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Cash and cash equivalents

The Company considers all highly liquid investments with original maturities of less than three months to be cash equivalents.

Commissions Receivable

The Company considers commissions receivable to be fully collectible; accordingly no allowance for doubtful accounts is required at September 30, 2017.

Income taxes

The Company has elected to be taxed as an “S” corporation under the Internal Revenue Code. Accordingly, all federal taxable income and losses pass through to the individual stockholders for inclusion in their personal income tax returns, and the Company is only liable for state income taxes.

Temporary differences between the financial statement and income tax (cash method) bases of the Company’s assets and liabilities are not significant. Accordingly, deferred state income taxes have not been recognized.

Management performs an evaluation of all income tax positions taken or expected to be taken in the course of preparing the Company’s income tax returns to determine whether the income tax positions meet a “more likely than not” standard of being sustained under examination by the applicable taxing authorities. Management has performed its evaluation of all income tax positions taken on all open income tax returns and has determined that there were no positions taken that do not meet the “more likely than not” standard. Accordingly, there are no provisions for income taxes, penalties, or interest receivable or payable relating to uncertain income tax positions in the accompanying financial statements.

TAYLOR SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SEPTEMBER 30, 2017

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

The Company files income tax returns in the U. S. federal jurisdiction and the State of Tennessee. The Company's U. S. federal income tax returns for years prior to 2014 are no longer open to examination. The State of Tennessee has a statute of limitations of three years from the end of the year in which the return is filed.

Securities transactions

Revenue and related clearing expenses from securities transactions are recorded on the trade date. All of the Company's trading activities are executed through and cleared by Raymond James and Associates, Inc. ("Raymond James") or written subscription agreements between investment companies and investors, with the Company acting as introducing broker dealer.

Registered investment advisor fees

Registered investment advisor fees are recognized as earned on a pro rata basis over the term of the contract.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Events occurring after reporting date

The Company has evaluated events and transactions that occurred between September 30, 2017 and November 4, 2017, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 – CONCENTRATION OF RISK

The Company maintains cash balances at financial institutions whose accounts are insured by the Federal Deposit Insurance Corporation ("FDIC") up to statutory limits. The Company's cash balances may at times exceed statutory limits. The Company has not experienced any losses in such accounts and management considers this to be a normal business risk.

TAYLOR SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SEPTEMBER 30, 2017

NOTE 3 – CONCENTRATION OF RISK (CONTINUED)

The Company also has an account with a broker-dealer that is the custodian of the Company's Securities and a portion of its cash and is covered by the Securities Investor Protection Corporation ("SIPC"). SIPC protects each customer's accounts up to \$500,000, limited to \$250,000 on claims for cash. Accounts held by the broker-dealer are also covered through Lloyd's of London. Under this program, cash is covered up to \$1,900,000 and fully paid securities are not subject to any dollar amount limitation. The SIPC and additional protection do not insure against market risk.

There are multiple business risks associated with operating the Company. It trades with a limited number of counter-parties which include institutional money managers, national broker-dealers, regional broker-dealers and inter-dealer brokers. The value of some trades may be very large compared to the Company's capital. A counter-party's failure to pay for or deliver securities may result in significant losses to the Company due to changes in market value between the original transaction and the subsequent re-sale or re-purchase of the securities involved. The loss or reduction of trading volume with a counter-party may have a material adverse effect on the Company's business, financial condition, results of operations and/or cash flows.

NOTE 4 – DEPOSIT WITH CLEARING BROKER

In connection with its correspondent clearing agreement with Raymond James, the Company has agreed to maintain a \$25,000 deposit account with Raymond James. The deposit is held in a Raymond James money market fund and is returnable to the Company following termination of the correspondent clearing agreement within thirty days of the closing or transfer of all of the Company's customers' accounts. Therefore, the deposit has been classified as a current asset, but is non-allowable for the purpose of net capital computation per current Securities and Exchange Commission ("SEC") rules and regulations.

NOTE 5 – RELATED PARTY TRANSACTIONS

Accounts payable to stockholders for commissions and registered investment advisory fees totaled \$58,666 at September 30, 2017.

Total salaries, bonuses and commissions included in the operating expenses that were paid to stockholders and other related parties amounted to \$655,993 in 2017.

TAYLOR SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SEPTEMBER 30, 2017

NOTE 5 – RELATED PARTY TRANSACTIONS (CONTINUED)

The stockholders of the Company are also stockholders of an affiliate that provides office space, management and administrative services to the Company. In addition to the amounts paid to stockholders and other related parties noted in the preceding paragraph, fees paid by the Company to the affiliate for services rendered amounted to \$924,979 in 2017.

NOTE 6 – NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the Maintenance of minimum net capital of \$50,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The rule of the “applicable” Exchange also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At September 30, 2017, the Company had net capital, as defined, of \$140,515, which was \$90,515 in excess of its required net capital of \$50,000. The Company’s net capital ratio was .5226 to 1.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Taylor Securities, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Taylor Securities, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3(k)(2)(ii) (the "exemption provisions") and (2) Taylor Securities, Inc. stated that Taylor Securities, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Taylor Securities, Inc.'s compliance with the exemption provisions.
