REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors L.B. Fisher & Company

We have audited the accompanying statement of financial condition of L.B. Fisher & Company (the "Company") as of June 30, 2017, and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the Company as of June 30, 2017, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The supplemental schedule has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental schedule is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to the Financial Statements June 30, 2017

NOTE 1 – NATURE OF BUSINESS

L.B. Fisher & Company (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is engaged in full service broker dealer activities and investment banking.

The Company was organized on August 26, 1976 under the laws of the State of Texas. All customer transactions are cleared through a third party clearing firm, RBC Capital Markets Corporation ("RBC"), on a fully disclosed basis. The Company has claimed exemption from Rule 15c3-3 ("Rule") under section (k)(2)(ii) of the SEC, and accordingly is exempt from the remaining provisions of that Rule.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

These financial statements are presented on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP"). Revenues are recognized in the period earned and expenses when incurred.

Cash and Cash equivalents

Cash and cash equivalents include cash and highly liquid investments with a maturity at date of purchase of ninety days or less. The Company considers highly liquid investments in money market funds to be cash equivalents.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Securities Transactions

Purchases and sales of securities are recorded on a trade date basis. Commission revenue and expense are recorded on a settlement date basis, generally the third business day following the transaction. If materially different, commission revenue and related expenses are recorded on a trade date basis.

Transaction Fees

Transaction fees are recognized on an accrual basis and are included in income as commissions are earned from the completion of transactions or as payments are received per agreement with the client.

Financial Instruments and Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers and other financial institutions. In the event that counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter party.

Financial instruments that potentially subject the Company to credit risk include cash and cash equivalents, deposit with clearing broker-dealer, receivables from clearing broker-dealer, investments, other assets, and accounts payable.

Notes to the Financial Statements – Continued June 30, 2017

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Fair Value Measurements

The fair value of the Company's financial instruments reflects the amounts that the Company estimates to receive in connection with the sale of an asset or paid in connection with the transfer of a liability in an orderly transaction between market participants at the measurement date (exit price). The fair value hierarchy that prioritizes the use of inputs used in valuation techniques is as follows:

Level 1 – quoted prices in active markets for identical assets and liabilities;

Level 2 – observable inputs other than quoted prices in active markets, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data;

Level 3 – unobservable inputs reflecting management's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

The carrying amounts of the Company's financial instruments, which include a deposit with clearing broker-dealer, receivables from clearing broker-dealer, prepaid expenses, other assets, and accounts payable, approximate their fair values due to their short term maturities.

Income Taxes

The Company accounts for income taxes using the asset and liability method whereby deferred tax asset and liability account balances are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the asset or liability is expected to be realized or settled. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. In the ordinary course of business, there are many transactions for which the ultimate tax outcome is uncertain. The Company regularly assesses uncertain tax positions in each of the tax jurisdictions in which it has operations and accounts for the related financial statement implications. Unrecognized tax benefits are reported using the two-step approach under which tax effects of a position are recognized only if it is "more-likely-than-not" to be sustained and the amount of the tax benefit recognized is equal to the largest tax benefit that is greater than fifty percent likely of being realized upon ultimate settlement of the tax position. Determining the appropriate level of unrecognized tax benefits requires the Company to exercise judgment regarding the uncertain application of tax law. The amount of unrecognized tax benefits is adjusted when information becomes available or when an event occurs indicating a change is appropriate. The Company includes interest and penalties related to its uncertain tax positions as part of income tax expense, if any. The company did not incur any interest or penalties for the year ended June 30, 2017.

The Company has not changed any of its tax accrual estimates. The Company files U.S. federal and U.S. state tax returns. The Company is generally no longer subject to tax examinations relating to federal and state tax returns for years prior to 2013.

The Company is subject to Texas franchise tax, which is based on taxable margin, rather than being based on federal taxable income. For the year ended June 30, 2017, the Company has no Texas margin tax expense.

Notes to the Financial Statements – Continued June 30, 2017

Management Review

The Company has evaluated subsequent events through August 25, 2017, the date the financial statements were available to be issued.

Recently Issued Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update No. 2014-09, Revenue from Contracts with Customers ("ASU 2014-09"), as amended by ASU's 2015-14, 2016-08, 2016-11, 2016-12, and 2016-20. ASU 2014-09 will supersede most of the existing revenue recognition requirements in GAAP and will require entities to recognize revenue at an amount that reflects the consideration to which the company expects to be entitled in exchange for transferring goods or services to a customer. The new standard also requires significantly expanded disclosures regarding the qualitative and quantitative information of an entity's nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The pronouncement is effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period, and is to be applied using a retrospective or modified retrospective approach. Early adoption is permitted. We are currently evaluating the provisions of ASU 2014-09 and assessing the impact, if any, it may have on our financial position and results of operations.

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (ASU 2016-02). The guidance in ASU 2016-02 requires entities to record the assets and liabilities created by leases greater than one year. This ASU is effective for interim periods and fiscal years beginning after December 15, 2018, and early adoption is permitted. The Company is currently evaluating the impact of adopting this guidance.

NOTE 3 – DEPOSIT WITH CLEARING BROKER-DEALER

The Company maintains a deposit account with RBC, the Company's clearing broker-dealer, as part of the Company's contract for services. RBC requires a deposit for its services that serves as a reserve for counterparty credit risk, including default risk and settlement risk, as well as market risk to open unhedged positions. As of June 30, 2017, cash of \$50,000 has been maintained as a deposit.

NOTE 4 – INVESTMENTS

The following table represents the Company's fair value hierarchy for its investments measured at fair value on a recurring basis as of June 30, 2017:

C:- .: C - - ...

	Quoted Prices for Active Markets for Identical Assets (Level 1)		Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)		Total	
Description U. S. equity securities International equity securities	\$	8,458 7,533	\$	-	\$	-	\$	8,458 7,533
Total investments	\$	15,991	\$	-	\$	-	\$	15,991

Notes to the Financial Statements – Continued June 30, 2017

NOTE 5 – COMMITMENTS AND CONTINGENCIES

Leases

The Company leases office space under an operating lease expiring in March 2022. The Company recognizes rent expense on a straight-line basis over the lease term. Total rent expense under the leases was \$10,711 for the year ended June 30, 2017, included within general and administrative expense on the statement of operations.

Future minimum lease payments under the noncancelable operating leases for the years ending:

June 30, 2018	\$19,252
June 30, 2019	19,743
June 30, 2020	20,233
June 30, 2021	20,724
June 30, 2022	<u>15,818</u>
	<u>\$95,770</u>

Litigation

The Company from time to time may be involved in litigation relating to claims arising out of its ordinary course of business. Management believes that there are no claims or actions pending or threatened against the Company, the ultimate disposition of which would have a material impact on the Company's financial position, results of operations or cash flows.

Risk Management

The Company maintains various forms of insurance that the Company's management believes are adequate to reduce the exposure to these risks to an acceptable level.

Sub-Clearing Agreement

Included in the Company's sub-clearing agreement is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on any unsettled trades. At June 30, 2016, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

NOTE 6 - INCOME TAXES

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's deferred taxes at June 30, 2017 are computed by applying the statutory federal income tax rate of 15%. As of June 30, 2017, temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts for income tax purposes were not significant. The recorded tax provision amount differs from an amount at the statutory rate primarily due to the effects of permanent differences.

Notes to the Financial Statements – Continued June 30, 2017

NOTE 7 – STOCKHOLDERS' EQUITY

The Company purchased 3,500 shares of common stock from a shareholder for \$54,880 in December 2016 and January 2017. These shares were immediately retired. In June 2017 the Company issued 4,000 shares of common stock to a shareholder for \$100,000.

NOTE 8 – NET CAPITAL REQUIREMENTS

The Company, as a registered fully licensed broker and dealer in securities, is subject to the SEC Uniform Net Capital Rule ("Rule 15c3-1"). Under this rule, the Company is required to maintain a minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2017, the minimum net capital requirement for the Company was \$100,000. Net capital at June 30, 2017 aggregated \$174,047. The Company's ratio of aggregate indebtedness to net capital was 0.25 to 1 at June 30, 2017.

NOTE 9 – EMPLOYEE RETIREMENT PLAN

The Company provides a defined contribution profit sharing trust plan ("Trust Plan") for all employees. Contributions to the Trust Plan vest immediately and are declared at the discretion of the Board of Directors. New employees are subject to a vesting period defined by the Plan. For the year ended June 30, 2017, the Company has recorded \$26,250 in profit sharing plan expense.

The Company provides a money purchase pension plan ("Pension Plan") for all employees. Contributions to the Pension Plan are limited to 10% of each employee's annual salary. Current employees' contributions to the Pension Plan vest immediately and are declared at the discretion of the Board of Directors. New employees are subject to a vesting period defined by the Plan. For the year ended June 30, 2017, the Company has recorded \$17,500 in pension plan expense.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors L.B. Fisher & Company

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) L.B. Fisher & Company (the "Company") identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3-(k)(2)(ii), (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

To whom it may concern:

L.B. Fisher & Company (the "Company") is a registered broker-dealer subject to Rule 17a-5 promulgated by the Securities and Exchange Commission (17 C.F.R. §240.17a-5, "Reports to be made by certain brokers and dealers"). This Exemption Report was prepared as required by 17 C.F.R. § 240.17a-5(d)(1) and (4). To the best of its knowledge and belief, the Company states the following:

- (1) The Company may file an Exemption Report because the Company had no obligations under 17 C.F.R.§ 240.15c3-3.
- (2) The Company met the identified exemption provisions in 17 C.F.R. § 240.15c3-3(k)(2)(i)(i) throughout the year ended June 30, 2017 without exception.

L.B. Fisher & Company

Name of Company

I, Lewis B. Fisher, Jr., affirm that, to my best knowledge and belief, this Exemption Report is true and correct.
