Notes to Financial Statements
June 30, 2017

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Mutual Securities, Inc. of California dba Mutual Securities, Inc. (the "Company") was incorporated in the State of California on February 4, 1982 under the name Brokers Office Management-Encino, Inc and subsequently changed its name to Mutual Securities, Inc. of California on November 9, 1998. Effective January 1, 2016, a minority interest in the Company was sold, in a private transaction, to existing officers of the Company. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged in business as a securities broker-dealer which provides several classes of services. The majority of its income is earned from agency commissions and equity transactions. Services offered include the sale of corporate debt, equity securities, options, U.S. government and municipal securities to institutional and retail customers. Services also include the sale of variable life insurance policies and annuities.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

For purposes relating to the statement of cash flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, which are not held for sale in the ordinary course of business.

Commissions receivable

Commissions receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

**Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Commissions receivable (Continued)

Securities transactions are recorded on a trade date basis with related commission income and expenses also recorded on a trade date basis.

Property, plant and equipment

Furniture, equipment, and leasehold improvements are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

Advertising and promotional cost

Advertising and marketing costs are expensed as incurred. For the year ended June 30, 2017, advertising costs of \$39,993 are included in other operating expense.

Income taxes

With the consent of its shareholders, the Company has elected to be treated as an S Corporation under Subchapter S of the Internal Revenue Code. Subchapter S of the Code provides that in lieu of corporate income taxes, the stockholders are individually taxed on the Company's taxable income; therefore, no provision or liability for Federal Income Taxes is included in these financial statements. The State of California has similar regulations, although there exists a provision for a minimum franchise tax and a tax rate of 1.5% over the minimum franchise fee of \$800.

The Company has elected to report the statement of changes in stockholders' equity without disclosing the accumulated adjustment account and other equity accounts pertinent to an S Corporation. There is no financial impact to these financial statements.

Note 2: DEPOSIT WITH CLEARING ORGANIZATION

The Company has a brokerage agreement with National Financial Services LLC ("Clearing Broker") to carry its account and the accounts of its clients as customers of the Clearing Broker. The Clearing Broker has custody of the Company's cash balances which serve as collateral for any amounts due to the Clearing Broker as well as collateral for securities sold short or securities purchased on margin. Interest is paid monthly on these cash deposits at the average overnight repurchase rate. The balance at June 30, 2017 was \$200,000.

Furniture, equipment, and leasehold improvements, net	<u>\$ 27,681</u>	

Depreciation expense for the year ended June 30, 2017 was \$7,760.

Note 4: MARKETABLE SECURITY

The framework used for measuring fair value provides a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mutual Securities, Inc. of California dba Mutual Securities, Inc.
Notes to Financial Statements
June 30, 2017

Note 4: MARKETABLE SECURITY (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Company holds a position in a mutual fund, which is valued at the net asset value (NAV) of shares held by the fund. The position held at year end is considered to be Level 1. The Company's holding as of June 30, 2017 is as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Marketable security				
Mutual fund - Bond fund	\$ 6,328	\$ -	\$ -	\$ 6,328
Marketable security, at fair value	<u>\$ 6,328</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,328</u>

Note 5: NOTE RECEIVABLE

In June 2017, the Company paid a legal settlement, in full, on behalf of one of its representatives. Contemporaneously, the Company issued an unsecured note totaling \$237,500 with the representative. The note bears interest at 5% per annum and requires quarterly interest payments. The note allows for, but does not require, principal payments to be made throughout the term of the note. The note matures on July 10, 2020. As of June 30, 2017, interest income on the note was immaterial to the financial statements.

Note 6: INCOME TAXES

As discussed in Note 1, the Company has elected the S Corporate tax status; therefore, no federal income tax provision is included in these financial statements. The tax provision reported is the California franchise tax of \$18,823.

The Company is required to file income tax returns in both federal and state tax jurisdictions. The Company's tax returns are subject to examination by taxing authorities in the jurisdictions in which it operated in accordance with the normal statutes of limitations in the applicable jurisdiction. For Federal purposes, the statute of limitations is three years. Accordingly, the company is no longer subject to examination of federal returns filed more than three years prior to the date of these financial statements. The statute of limitations for state purposes is generally three years, but may exceed this limitation depending upon the jurisdiction involved. Returns that were filed within the applicable statute remain subject to examination. As of June 30, 2017, the taxing authorities have not proposed any adjustment to the Company's tax position.

Note 7: RELATED PARTY TRANSACTIONS

On October 1, 2009, the Company entered into a lease agreement for office space with KCMA Investments, LLC ("KCMA") with which the Company has common ownership. For the year ended June 30, 2017, the Company paid \$139,892 in occupancy expense to KCMA. See Note 10 for further information on the lease agreement.

Mutual Advisors, LLC ("Mutual Advisors"), is affiliated with the Company through common control. The Company offers brokerage services to certain clients of Mutual Advisors, and either those certain clients or their investment adviser representatives are charged for such brokerage services.

Throughout the year ended June 30, 2017, the Company collected fees on behalf of Mutual Advisors and subsequently remitted the entirety of payments to Mutual Advisors. The Company also collects fees from Mutual Advisors for advisor ticket charges. During the year ended June 30, 2017, these fees totaled \$3,193.

It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

Note 8: 401 (K) PLAN

The Company has a 401(k) plan ("Plan") covering substantially all of its employees. Employees are required to have attained the age of 21 and to have completed one year of service in order to be eligible to participate in the Plan. The Plan provides that the employer may make matching contributions and/or annual discretionary contributions. For the year ended June 30, 2017, the Company incurred a total of \$51,184 in matching contributions.

Note 9: CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

Notes to Financial Statements

Note 10: COMMITMENTS AND CONTINGENCIES

Commitments

In September 2015 the Company exercised its five year lease extension which will expire in August 2020. The Company has an option to renew for two additional five year periods.

At June 30, 2017, the minimum annual payments are as follows:

<u>Year ending June 30,</u>	
2018	\$ 139,892
2019	139,892
2020	139,892
2021	<u>23,315</u>
	<u>\$ 442,991</u>

Contingencies

The Company maintains several bank accounts at financial institutions. These accounts are insured either by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000, or the Securities Investor Protection Corporation ("SIPC"), up to \$500,000. At times during the year ended June 30, 2017, cash balances held in financial institutions were in excess of the FDIC and SIPC's insured limits. The Company has not experienced any losses in such accounts and management believes that it has placed its cash on deposit with financial institutions which are financially stable.

The Company had no other commitments or contingent liabilities at June 30, 2017, or during the year then ended.

Note 11: GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at June 30, 2017, or during the year then ended.

Mutual Securities, Inc. of California dba Mutual Securities, Inc.
Notes to Financial Statements
June 30, 2017

Note 12: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

Note 13: RECENTLY ISSUED ACCOUNTING STANDARDS

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

For the year ending June 30, 2017, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended.

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Note 14: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on June 30, 2017, the Company had net capital of \$749,030 which was \$649,030 in excess of its required net capital of \$100,000; and the Company's ratio of aggregate indebtedness (\$1,170,036) to net capital was 1.56 to 1, which is less than the 15 to 1 maximum allowed.
