REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
BCS Placements, LLC

We have audited the accompanying financial statements of BCS Placements, LLC which comprise the statement of financial condition as of June 30, 2017, and the related statements of operations, changes in member's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. BCS Placements, LLC management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis of our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BCS Placements, LLC as of June 30, 2017, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

The information contained in Schedules I, II and III has been subjected to audit procedures performed in conjunction with the audit of BCS Placements, LLC financial statements. The information is the responsibility of BCS Placements, LLC management. Our audit procedures included determining whether the information in Schedules I, II and III reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the accompanying schedules. In forming our opinion on the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented in conformity Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the aforementioned supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

BCS PLACEMENTS, LLC
NOTES TO FINANCIAL STATEMENTS
June 30, 2017

NOTE A- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business: BCS Placements, LLC (the "Company") is a broker-dealer that focuses on consulting and raising private equity from institutional investors. The Company is organized as a limited liability company in the state of New York. The Company's operations are located in New York, New York. It is approved as a securities broker by the Securities and Exchange Commission ("SEC"), the Financial Industry Regulatory Authority ("FINRA"), and the state of New York.

Revenue Recognition: The Company recognizes revenues at the time fees are earned in accordance with the terms of the service agreements with its clients. This occurs when the Company has provided all services and has no further obligations under the agreement, or when certain benchmarks described in the agreement are met, resulting in an irrevocable right to receive revenues.

Cash and Cash Equivalents: The Company considers all cash and money market instruments with a maturity of ninety days or less to be cash and cash equivalents.

Office Furniture, Equipment and Leasehold Improvements: Office furniture, equipment and leasehold improvements are recorded at cost. Depreciation is provided by use of straight-line methods over the estimated useful lives of the respective assets.

Income Taxes: The Company is a single-member limited liability company and is not recognized as a reporting entity under the Internal Revenue Code for taxation purposes. Accordingly, the Company does not file a separate income tax return. The effects of the Company's operations are passed through to the member for taxation purposes.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a return.

The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary.

NOTE A- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting Policies and Use of Estimates: The Company maintains its accounting records on the accrual basis and follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (the FASB), to ensure consistent reporting of financial condition, results of operation, and cash flows.

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

New accounting Pronouncements: In May 2014, The Financial Accounting Standards Board (FASB) issued a new accounting pronouncement regarding revenue recognition effective for reporting periods beginning after December 15, 2018. Management does not expect the new standard to have a significant impact to its financial position, results of operations and related disclosures.

Securities Owned: Securities owned consist of investments in publically traded common stocks that are valued at market value. The resulting difference between cost and market (or fair value) is included in the statement of operations. Proprietary securities transactions are reported on the trade date.

Date of Management's Review: Subsequent events were evaluated through the date the financial statements were issued.

NOTE B - NET CAPITAL

The Company, as a registered broker dealer is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2017, the Company had net capital of \$29,555, which was \$24,555 in excess of its required net capital of \$5,000 and its ratio of aggregate indebtedness to net capital was .72 to 1.0.

NOTE C- INVESTMENTS - SECURITIES OWNED

The Company's investments in common stocks are carried at fair value based on quoted market sources.

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value

BCS PLACEMENTS, LLC
NOTES TO FINANCIAL STATEMENTS

NOTE C- INVESTMENTS - SECURITIES OWNED (CONTINUED)

is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of June 30, 2017.

	Fair Value			
	Measurements	Level 1	Level 2	Level 3
	<u>June 30, 2017</u>	<u>Valuation</u>	<u>Valuation</u>	<u>Valuation</u>
Investment securities available for sale:				
Common stocks	\$ 20,548	\$ 20,548		
	<u>\$ 20,548</u>	<u>\$ 20,548</u>	<u>\$0</u>	<u>\$0</u>

Fair value of investment securities available for sale are determined by obtaining quoted prices on nationally recognized securities exchanges when available. If quoted prices are not available, fair value is determined using matrix pricing, which is a mathematical technique used widely in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities.
