G-W Brokerage Group, Inc.'s management is responsible for these financial statements. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. In forming my opinion on the supplemental information, I evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. G-W BROKERAGE GROUP, INC.

Notes to Financial Statements
Year Ended June 30, 2017

1 Organization and Nature of Business

G-W Brokerage Group, Inc. (the Company) was organized in May 1988 under the laws of the State of New Jersey. The Company engages in the business of selling mutual funds and other securities on a commission basis. The Company is registered with the Securities and Exchange Commission, is a member of the Financial Industry Regulatory Authority -FINRA and the Securities Investor Protection Corporation - SIPC. The Company holds no customer funds or securities and does not participate in the underwriting of Securities. Accordingly, the Company claims exemption from the requirements of Rule 15c3-3 under Section (K)(1) of the rule.

2 Significant Accounting Policies

(a) Basis of Presentation

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") unless otherwise disclosed.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Statement of Cash Flows

For purposes of the statement of cash flows the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business. The company has adopted the indirect method of presenting the statement of cash flows in accordance with current authoritative pronouncements. There were no cash equivalents at June 30, 2017.

(d) Revenue Recognition

The Company recognizes revenue from 12B-1 fees and other sources in the period they are received as discussed in Note 5 below.

G-W BROKERAGE GROUP, INC

Notes to Financial Statements

Year Ended June 30, 2017

(e) Income Taxes

Certain transactions of the Company may be subject to accounting methods for federal and state income tax purposes which differ significantly from the accounting methods used in preparing the financial statements. Accordingly, the net income or loss of the Company and the resulting balances in the shareholders' capital account reported for federal and state income tax purposes may differ from the balances reported for those same items in these financial statements.

The Company recognizes and measures its unrecognized tax benefits in accordance with ASC Topic 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of the financial reporting period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined that there are no uncertain tax positions which require adjustment or disclosure on the financial statements at June 30, 2017. The Company remains subject to US Federal and State income tax audits for all years subsequent to 2014. In addition no income tax related penalties & interest have been recorded for the year ended June 30, 2017.

(f) Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1. Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2. Inputs other than quoted prices included in level 1 that are observable for the assets or liability either directly or indirectly.

Level 3. Inputs are unobservable for the assets or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining the fair value is greatest for instruments categorized in level 3.

G-W BROKERAGE GROUP, INC.

Notes to Financial Statements

Year Ended June 30, 2017

(f) Fair Value Hierarchy - continued

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

For further discussion of fair value, see "Note 9 Fair Value"

3 Liabilities Subordinated to Claims of General Creditors

As of June 30, 2017 the Company had not entered into any subordinated liability agreements.

4 Net Capital Requirements

The Company, as a registered broker-dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c-3-1). The Company has elected to operate under that portion of the rule which requires that the Company maintain "net capital" equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness, as those terms are defined in the rule. At June 30, 2017, the Company had net capital of \$17,662, which was \$12,662 in excess of its required minimum net capital of \$5,000. The Company had an AI/NC Ratio of 23%.

5 Concentrations

The Company's revenues are derived entirely from commissions earned from mutual fund and variable annuities investments.

6 Related Party Transactions

The Company is wholly owned by its parent company G-W Financial Group, Inc. (the parent). The Company has a management agreement with the parent company in which the parent provides all management and operating services. These include but are not limited to rent, office expense, supplies, postage, accounting fees, real estate tax and communication and utilities. G-W BROKERAGE GROUP, INC.

Notes to Financial Statements

Year Ended June 30, 2017

7 Commitments and Contingencies

As of June 30, 2017 the Company was not in violation of this requirement.

The Company had no lease or equipment rental commitments, no underwriting commitments, no contingent liabilities, and had not been named as a defendant in any lawsuit at June 30, 2017 or during the year then ended.

9 Fair Value

Cash and cash equivalents, accounts payable and other current liabilities are reflected in the financial statements at carrying value which approximates fair value because of the short-term maturity of these instruments.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To: The Stockholder
G-W Brokerage Group, Inc.

I have reviewed management's statements, included in the accompanying Exemption Report, in which (1) G-W Brokerage Group, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which G-W Brokerage Group, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: under—(k)(1), (the "exemption provisions") and (2) G-W Brokerage Group, Inc. stated that G-W Brokerage Group, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. G-W Brokerage Group, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about G-W Brokerage Group, Inc.'s compliance with the exemption provisions. Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)1 of Rule 15c3-3 under the Securities Exchange Act of 1934.
