REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
CCM Securities, LLC

We have audited the accompanying statement of financial condition of CCM Securities, LLC (the "Company") as of December 31, 2016 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial condition of CCM Securities, LLC as of December 31, 2016, in accordance with accounting principles generally accepted in the United States of America.

See accompanying notes.

CCM SECURITIES, LLC

Notes to Statement of Financial Condition

December 31, 2016

1. Organization and Business

CCM Securities, LLC (the "Company"), an Illinois limited liability company, was formed on May 12, 2000 and is a wholly-owned subsidiary of Bluefin Markets Holdings, L.P. (the "Parent"). The Company is a broker-dealer registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority. The Company introduces clients to TJM Investments, LLC ("TJM") and receives a portion of the revenue generated by the introduced clients.

2. Summary of Significant Accounting Policies

Revenue Recognition and Securities Valuation

Commission revenue and related expenses are recorded on an accrual basis. The carrying values of cash, receivables and payables approximate fair value due to the short maturities of these financial instruments.

Use of Estimates

The preparation of financial statements in conformity with United States Generally Accepted Accounting Principles ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes

No provision has been made for federal U.S. income taxes as the taxable income or loss of the Company is included in the respective income tax returns of the member.

In accordance with U.S. GAAP, the Company is required to determine whether its tax positions are more likely than not to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. Generally, the Company is no longer subject to income tax examinations by major taxing authorities for the years before 2013. Based on its analysis, there were no tax positions identified by management which did not meet the "more likely than not" standard as of and for the year ended December 31, 2016.

Depreciation

Furniture and equipment is being depreciated over the estimated useful lives of the assets using the straight-line method.

CCM SECURITIES, LLC

Notes to Statement of Financial Condition, Continued

December 31, 2016

3. Related Party Transactions

Payments made to affiliated entities represent amounts paid for shared expenses. During the year ended December 31, 2016, the Company made payments to Bluefin Trading, LLC totaling approximately \$126,000.

4. Concentration of Credit Risk

At December 31, 2016 a significant credit concentration consisted of cash deposited in bank accounts that exceeded federally insured limits by approximately \$799,000 which represents approximately 68% of the Company's equity. The Company has not experienced any losses in such accounts. Management believes the Company is not exposed to any significant credit risk on cash.

5. Off-Balance Sheet Risk

Customer transactions are introduced to and cleared through the Company's brokers on a fully disclosed basis. Under the terms of its clearing agreements, the Company is required to guarantee the performance of its customers in meeting contracted obligations. In conjunction with the brokers, the Company seeks to control the risks associated with its customer activities by requiring customers to maintain collateral in compliance with various regulatory and internal guidelines and, pursuant to such guidelines, customers may be required to deposit additional collateral, or reduce positions, where necessary.

Commissions receivable represent a concentration of credit risk. The Company does not anticipate nonperformance by its customers or the brokers. In addition, the Company has a policy of reviewing, as considered necessary, the creditworthiness of the brokers with which it conducts business.

6. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15(c)3-1) and various exchange rules. Under the highest requirement, the Company is required to maintain "net capital" equal to the greater of \$100,000 or 6% of "aggregate indebtedness", as defined.

At December 31, 2016, the Company had net capital and net capital requirements of \$1,168,822 and \$100,000, respectively.

7. Fair Value Measurements and Disclosures

ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

CCM SECURITIES, LLC

Notes to Statement of Financial Condition, Continued

December 31, 2016

7. Fair Value Measurements and Disclosures, continued

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

At December 31, 2016, the Company held no Level 1, Level 2 or Level 3 investments.

8. Guarantees

ASC 460, *Guarantees*, requires the Company to disclose information about its obligations under certain guarantee arrangements. ASC 460, defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement, as well as indirect guarantees of the indebtedness of others.

Other Guarantees

The Company has entered into clearing agreements with its brokers to guarantee the performance of its customers in meeting contracted obligations. As previously mentioned, the Company seeks to control the risks associated with its customer activities by requiring customers to maintain collateral in compliance with various regulatory and internal guidelines and, pursuant to such guidelines, customers may be required to deposit additional collateral, or reduce positions, where necessary. The maximum potential amount of future payments that the Company could be required to make under these guarantees cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements.

Notes to Statement of Financial Condition, Continued

December 31, 2016

9. Subsequent Events

The Company's management has evaluated events and transactions through February 22, 2017, the date the financial statements were issued, noting no material events requiring disclosure in the Company's financial statements..

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
CCM Securities, LLC

We have reviewed management's statements, included in the accompanying Exemption Report (the "Exemption Report"), in which (1) CCM Securities, LLC (the Company) identified the following provisions of 17 C.F.R. §15c3-3 (k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3(2)(ii) (the "exemption provisions"); and (2) the Company stated that it met the identified exemption provisions throughout the most recent fiscal year ending December 31, 2016 without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Ryan & Juraska LLP

Chicago, Illinois
February 22, 2017

The Exemption Report for CCM Securities, LLC

We, as members of management of CCM Securities, LLC, ("the Company") are responsible for complying with 17 C.F.R. section 240.17a-5, "Reports to be made by certain brokers and dealers" and complying with 17 C.F.R. section 240.15c3-3: ((k)(2)(ii)) (the "exemption provisions"). To the best of our knowledge and belief we state the following:

(1) We identified the following provisions of 17 C.F.R. section 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. section 240.15C3-3: ((k)(2)(ii)) (the "exemption provisions") and (2) we met the identified exemption provisions throughout the most recent fiscal year ending December 31, 2016 or from January 1, 2016 to December 31, 2016 without any exceptions.
