NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016

1. ORGANIZATION AND NATURE OF BUSINESS

S. Goldman Capital LLC ("SGC") is a limited liability company formed under New York law. SGC is a broker-dealer registered with the Securities and Exchange Commission ("SEC"). SGC is also a member of the Financial Industry Regulatory Authority ("FINRA").

SGC operates primarily as an introducing broker for which it earns commissions, and trading for its own account. SGC also participates in securities offerings, where SGC will act as underwriter or placement agent.

SGC operates under the provisions of SEC Rule 15c3-3 and claims exemption from the requirements of this rule under section (k)(2)(ii) as an introducing firm. SGC does not carry accounts for customers and does not perform custodial functions related to customer securities. SGC has an agreement with a clearing firm that performs those duties.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

b) Cash Equivalents

For the purpose of the statement of cash flows, SGC considers demand deposited money market funds maturing in three months or less to be cash and cash equivalents.

c) Concentration of Credit Risk

SGC maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. SGC has not experienced any losses in such accounts and does not believe it is exposed to any unusual credit risk on these funds.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

d) Due from Clearing Brokers

Due from clearing brokers represents cash and commissions earned as an introducing broker. SGC does not carry accounts for customers or perform custodial functions related to customer securities. SGC is required to maintain a deposit with clearing broker of \$25,000, all of which may be used for computing net capital.

e) Securities Transactions

SGC records securities transactions and the related revenue and expense on a trade date basis. Proprietary securities transactions in regular way trades are recorded on a trade date basis, as if they have settled. Marketable securities are valued at their fair market value.

f) Underwriting Fees

Underwriting income includes gains, losses, and fees, net of syndicate expenses, arising from securities offerings in which SGC acts as an underwriter or placement agent. Underwriting income is recorded when the underlying transaction is completed and the income is reasonably determinable.

g) Investments, at Fair Value

SGC adopted FASB's ASC 820, Fair Value Measurements ("ASC 820"), effective January 1, 2008. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are as follows:

Level 1- Quotes prices (unadjusted) in active markets for identical investments at the measurement date.

**NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

g) Investments, at Fair Value (cont'd)

Level 2- Pricing inputs are other than quoted prices included within Level 1 that are observable for the investment, either directly or indirectly. Level 2 pricing inputs include quoted prices for similar investments in active markets, quotes prices for identical or similar investments in markets that are not active, inputs other than quoted prices that are observable for the investment, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3- Pricing inputs are unobservable for the investment and are based on the Company's own assumptions about the assumptions that a market participant would use, including inputs derived from extrapolation and interpolation that are not corroborated by observable market data.

In some cases, the inputs used to measure fair value might fall in different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the investment in its entirety falls is determined based on the lowest level input that is significant to the investment in its entirety. Assessing the significance of a particular input to the investment in its entirety requires judgment, and considers factors specific to the investment. The categorization of an investment within the hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to the Company's perceived risk of that investment.

At December 31, 2016, the Company's investment totaling \$1,700,000 is classified within Level 1 as it is traded in active markets. The security is traded on the New York Stock Exchange. Fair value was calculated based on the quoted market prices at the measurement date.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

h) Income Taxes

No provision has been made for Federal or NYS income taxes since SGC is treated as a partnership under the Internal Revenue Code and NYS Partnership tax law whereby its income will be taxed directly to its members. However, if profitable, SGC is liable for NYC Unincorporated Business Taxes. SGC is not liable for UBT in 2016. There is no current or deferred provision for UBT due to no current year taxable income for UBT purposes.

In accordance with ASC 740, Income Taxes, SGC is required to disclose unrecognized tax benefits resulting from uncertain tax positions. At December 31, 2016, SGC did not have any unrecognized tax benefits or liabilities. SGC operates in the United States and in state and local jurisdictions, and the previous three years remain subject to examination by tax authorities. There are presently no ongoing income tax examinations.

3. RELATED PARTY TRANSACTIONS

SGC has an expense sharing agreement with S Goldman Advisors LLC ("SGA"), an affiliated entity. The agreement stipulates that certain payroll and related costs and benefits and other overhead costs are to be reimbursed to SGA. SGC paid \$121,817 to SGA which included \$64,089 incurred in 2015 and \$57,728 incurred in 2016.

SGC received consulting fees related to advisory services provided to SGA. The total paid was \$425,000 for 2016.

SGC purchased insurance from Armonia Insurance Co. ("Armonia"), an affiliated entity. The \$119,968 payment was made in 2016, in respect of 2017. This payment is recorded as a prepaid expense.

4. PENSION PLAN- 401 (K) PLAN

SGC provides a qualified 401(k) plan covering substantially all full-time employees who have met certain age and length of service requirements. Eligible employees may elect to contribute a percentage of their salary up to a specified maximum. SGC's voluntary contribution will vary depending on the profitability of SGC. SGC did not record voluntary contributions for 2016.

5. FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

SGC's exposure to credit risk associated with non-performance of customers fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair the customers' ability to satisfy its obligations to SGC and SGC's ability to liquidate the collateral at an amount equal to the original contracted amount. SGC and its clearing firm monitor all accounts on a daily basis to mitigate this risk.

6. COMMITMENTS AND CONTINGENCIES

SGC does not have any commitments or contingencies.

7. NET CAPITAL REQUIREMENT

SGC is subject to the SEC Uniform Net Capital Rule 15c3-1 which requires the maintenance of minimum net capital, as defined, which is the greater of \$100,000 or the minimum net capital required based on aggregate indebtedness. At December 31, 2016, SGC's net capital was \$1,469,762 which was \$1,369,762 in excess of its required net capital of \$100,000. SGC's ratio of aggregate indebtedness to net capital was .09 to 1.

9. POSSESSION AND CONTROL REQUIREMENTS

SGC is registered with FINRA as a broker/dealer exempt from SEC Rule 15c3-3 under section (k)(2)(ii). Therefore, it is not subject to Possession or Control requirements under SEC Rule 15c3-3.

10. SUBSEQUENT EVENTS

SGC has evaluated and noted no events or transactions that have occurred after December 31, 2016 and through February 27, 2017 that would require recognition or disclosure in the financial statements.
