REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member
of Baker Tilly Capital, LLC

We have audited the accompanying statement of financial condition of Baker Tilly Capital, LLC (the “Company”) as of May 31, 2017 and the related notes to the financial statement. This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Company’s internal control over financial reporting. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Baker Tilly Capital, LLC as of May 31, 2017 in accordance with accounting principles generally accepted in the United States of America.

BAKER TILLY CAPITAL, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of and for the Year Ended May 31, 2017

NOTE 1 - Organization and Nature of Business

Baker Tilly Capital, LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and the Financial Industry Regulatory Authority ("FINRA") as a "limited purpose broker-dealer," electing not to carry customer monies or securities. The Company's primary sources of revenue are fees from investment banking activities, including mergers and acquisitions, structuring and advising on various project finance deals. Effective June 1, 2014, revenues are also realized from activities related to New Market Tax Credit ("NMTC") transactions including assisting Community Development Entities with the application process for obtaining allocations of NMTCs, assisting entities with funding Qualified Low Income Community Investments and assisting Qualified Active Low-Income Community Businesses with obtaining funding through a NMTC transaction.

The Company is a Wisconsin limited liability company that is a wholly-owned subsidiary of Baker Tilly Virchow Krause, LLP ("Baker Tilly"). The Company was formed on August 21, 2001 and operates with a May 31 fiscal year end.

NOTE 2 - Significant Accounting Policies

Cash and Cash Equivalents

The Company defines cash and cash equivalents as highly liquid, short-term investments with a maturity at the date of acquisition of three months or less, that are not held for sale in the ordinary course of business.

The Company maintains its cash balances primarily in established institutions. Cash balances are insured up to \$250,000 per bank by the FDIC. Uninsured balances were approximately \$4,846,000 at May 31, 2017. Management believes that the Company is not exposed to any significant credit risk on cash.

Accounts Receivable

At year-end, management reviews the balance of accounts receivable currently outstanding and determines an estimate of amounts that are potentially uncollectible. As of May 31, 2017, \$60,000 was established for receivables considered potentially uncollectible. Generally, interest is not accrued on delinquent accounts.

Unbilled Receivables

Unbilled receivables represent amounts earned on New Market Tax Credit consulting engagements under the Company's revenue recognition policy discussed above for services rendered which have not yet been invoiced to the client as of the end of the year. These amounts are all expected to be invoiced and collected in the next year.

Income Taxes

The Company elected to be taxed as a partnership effective August 21, 2001. The net income or loss of the Company is allocated to Baker Tilly (the sole member) and is included on its partnership tax return. Therefore no provision for income taxes is included in the accompanying financial statements.

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of and for the Year Ended May 31, 2017

NOTE 2 - Significant Accounting Policies (cont.)

Income Taxes (cont.)

The Company evaluates tax positions taken within its returns for any uncertainty on an annual basis. Uncertain tax positions can result in the recognition of additional liability, including any applicable fines and penalties, or additional disclosure. As of May 31, 2017, there were no uncertain tax positions identified by the Company requiring recognition of a liability or disclosure.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - Related-Party Transactions

The Company has an Expense Sharing Agreement with Baker Tilly under which Baker Tilly pays for certain expenses on behalf of the Company. Such expenses are allocated by Baker Tilly to the Company according to an expense allocation schedule. Substantially all expenses are paid for through the expense sharing agreement.

The Company reimburses Baker Tilly monthly for salaries and wages it pays on the Company's behalf. In addition, Baker Tilly has paid for subcontractor costs in connection with various projects completed by the Company in the amount of \$583,158, that were not reimbursed by the Company and were accounted for as additional capital contributions to the Company.

At May 31, 2017, the Company had \$581,206 due from Baker Tilly. The majority of amounts due to the Company from Baker Tilly result from client receipts posted to the Baker Tilly bank accounts which then are owed back to the Company.

NOTE 4 - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital. The Company's minimum net capital requirement is the greater of \$5,000 or 6 2/3% of aggregate indebtedness (or, that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1). Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At May 31, 2017, the Company had net capital of \$5,077,463 which was \$5,072,463 in excess of its required net capital of \$5,000. At May 31, 2017, the Company's net capital ratio was 0.00 to 1.00.

NOTES TO STATEMENT OF FINANCIAL CONDITION As of and for the Year Ended May 31, 2017

NOTE 5 - Indemnification

In the normal course of business, the Company enters into contracts that contain a variety of representations and warranties that provide indemnifications under certain circumstances. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred.

NOTE 6 - Concentration of Receivables

Three customers accounted for approximately 43 percent of the accounts receivable balance as of May 31, 2017.
