Note 1. SIGNIFICANT ACCOUNTING POLICIES

Business and Organization

American Financial Associates, Inc. (the Company) was organized on July 25, 1991 for the purpose of selling mutual funds and life insurance. In 1994, the Company also began acting as a discount broker. The Company has brokers in the states of Pennsylvania, New Jersey and Oregon. Approximately sixty percent of the Company's business is conducted in Pennsylvania and the major source of revenue comes from selling mutual funds.

Basis of Presentation

The Company follows accounting principles generally accepted in the United States of America (GAAP), as established by the Financial Accounting Standards Board (the FASB), to ensure consistent reporting of financial condition, results of operations, and cash flows.

Cash and Cash Equivalents

The Company maintains cash in accounts with one financial institution which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash. There were no amounts over the federally insured limits for the year ending December 31, 2016.

The Company's cash equivalents are highly liquid debt investments with an original maturity of three months or less as of the acquisition date.

Bad Debts

The Company uses the direct write-off method of accounting for losses arising from uncollectible accounts receivable. Under this method, accounts receivable are written-off to bad debt expense in the period they are deemed uncollectible. There were no bad debt expenses for the year ended December 31, 2016.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Depreciation

Property and equipment is recorded at cost and is depreciated on a straight-line basis over the estimated useful lives of the assets. There was no depreciation expense for the year ending December 31, 2016.

Property and Equipment

Property and equipment are recorded at cost less accumulated depreciation. Depreciation is deducted on a straight-line basis and is provided over the useful lives of the related assets. Maintenance and repairs are charged to operations when incurred. Renewals and betterments of a nature considered to materially extend the useful lives of the assets are capitalized. When assets are retires or otherwise disposed of, the assets and related allowances for depreciation and amortization are eliminated from the account and any resulting gain or loss is reflected in income.

Note 1. SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue and Expense Recognition

Securities transactions and the related revenue and expenses are recorded on a trade-date basis, as securities transactions occur.

The Company earns 12b-1 fees paid by mutual funds to the broker-dealer to cover marketing and selling of mutual fund shares and are calculated based on a set rate multiplied by the fund balance. The Company acts in an agent capacity and pays out the revenue received from the fund to the corresponding brokers. The amount of 12b-1 fees earned was \$506,045 for the year ending December 31, 2016.

Rent Expense

The Company has a month-to-month rental with no signed lease in the Pennsylvania office. Rent is \$900 per month for the last three years and is expensed when paid. Rent expense was \$10,800 for the year ending December 31, 2016.

Commissions Receivable

Commissions receivable consist of fees earned primarily on the selling of mutual funds. The Company receives payment within a short time of the transaction. The Company clears certain of its proprietary and customer transactions through another broker-dealer on a fully disclosed basis. No allowance for doubtful accounts has been provided for as the continuing relationships over many years have assured collection.

Income Taxes

The Company's provision for income taxes is based on all items included in income as reported for financial statement purposes. Income taxes are provided for the tax effects of transactions reported in the financial statements.

FASB ASC Topic 740 (ASC 740), *Income Taxes*, provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are more likely than not of being sustained when challenged or when examined by the applicable tax authority. Tax positions deemed not to meet the more-likely-than-not threshold would be recorded as a tax expense and liability in the current year. For the year ended December 31, 2016, management has determined that there are no uncertain tax positions.

The Company files income tax returns in U.S. federal jurisdiction and certain states. The current and prior three tax years generally remain subject to examination by U.S. federal and respective state tax authorities.

Note 2. ADVERTISING COST

Advertising costs are expensed as incurred. Advertising costs of \$1,752 were incurred for the year ending December 31, 2016.

Note 3. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2016, the Company had net capital of \$45,063, which was \$38,391 in excess of its required net capital of \$6,672. The Company's ratio of aggregate indebtedness to net capital at December 31, 2016 was 2.2207 to 1.

Note 4. INCOME TAXES

Income tax expense includes federal and state income taxes due currently after using up prior net operating losses. The provision for income taxes was \$3,415 for the year ending December 31, 2016. The components of the provision for income taxes for the year ended December 31, 2016 are as follows:

			2016
Current - Federal			\$ 1,000
Current - State & Local			2,415
Total provision for income taxes			\$ 3,415
	+	•	

The corporate tax returns have not been prepared for the year ended December 31, 2016. There is an expected liability of \$1,550 for state and local purposes and \$1,000 for federal purposes, which leaves \$1,000 of accrued federal income tax and \$400 of accrued state income tax net of prepaid income tax at December 31, 2016.

Federal and state net operating loss carryforwards available to offset taxable income were fully used for the tax year ending December 31, 2015.

Note 5. STOCKHOLDER'S EQUITY

A summary of common stock shares authorized, issued and outstanding is as follows:

Shares authorized	10,000
Issued	8,165
Outstanding	8,165

In August 2010, the Board of Directors authorized the Company to repurchase 840 shares of common stock. During October 2010, the Company repurchased 840 shares at an aggregate cost of \$8,040.

Note 6. CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Note 6. CONCENTRATIONS OF CREDIT RISK (continued)

A customer is considered major when the customer represents 5% or more of the total gross revenue for the year ended December 31, 2016. The loss of such a customer would have a significant impact on the Company's revenue. For the year ended December 31, 2016, the Company did not have any transactions with a major customer.

Note 7. PROPERTY AND EQUIPMENT

Property and equipment is summarized as follows:

	2016
Office Equipment	\$ 53,359
Furniture & Fixtures	1,781
Total Fixed Assets at Cost	55,140
Less: Accumulated Depreciation	(55,140)
Property and equipment, net	<u>\$ </u>

Note 8. EXEMPTIVE PROVISIONS

The Company has a clearing agreement with its clearing broker, RBC Capital Markets, LLC. The agreement provides that certain minimum capital balances must be maintained while the Company's customer accounts are being introduced to and cleared by the Clearing Broker on a fully disclosed basis. In connection with this agreement, the Company is contingently liable to the Clearing Broker in the event of nonperformance by its introduced customers. It is the Company's policy to continuously monitor its exposure to these risks.

The Company maintains a secondary clearing relationship and not a direct clearing relationship with its clearing broker, RBC Capital Markets, LLC.

An exemption is claimed from SEC Rule 15c-3-3 under c(k)(2)(ii) – All customer transactions are cleared through RBC Capital Markets, LLC (SEC# - 801-13059) on a fully disclosed basis.

Note 9. RECENT ACCOUNTING PRONOUNCEMENTS

In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606), requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. The updated standard will be effective for annual reporting periods beginning after December 15, 2018. The Company has not yet selected a transition method and is currently evaluating the effect that the updated standard will have on its financial statements.

Note 10. SUBSEQUENT EVENTS

In preparing these financial statements, the Company evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements were issued. Based on the definitions and requirements of the Subsequent Event Topics of FASB Accounting Standards Codification, management of American Financial Associates, Inc. is not aware of any subsequent events that would require disclosure in the financial statements.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
