Report of Independent Registered Public Accounting Firm

To the Sole Member of WG Securities, LLC

We have audited the accompanying statement of financial condition of WG Securities, LLC as of June 30, 2017, and the related statements of income, changes in member's equity, and cash flows for the year then ended. These financial statements are the responsibility of WG Securities, LLC's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of WG Securities, LLC as of June 30, 2017, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The computation of aggregate indebtedness and net capital pursuant to Rule 15c3-1, and the computation for determination of reserve and information relating to possession or control requirements for broker/dealers under rule 15c3-3 have been subjected to audit procedures performed in conjunction with the audit of WG Securities, LLC's financial statements. The supplemental information is the responsibility of WG Securities, LLC's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion of the supplemental information, we evaluated whether the supplemental information, including its form and content, are presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the computation of aggregate indebtedness and net capital pursuant to Rule 15c3-1, and the computation for determination of reserve and information relating to possession or control requirements for broker/dealers under rule 15c3-3 are fairly stated, in all material respects, in relation to the financial statements as a whole.

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations:

The Company was organized in the State of Delaware on December 20, 2005 as a limited liability company. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC), and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA). The Company provides merger and acquisition services for its clients.

Revenue Recognition:

The Company typically enters into contracts with clients calling for a success fee to be paid out once the merger or acquisition service ("the transaction") is successfully completed. This success fee is typically based on a percentage of the total consideration of the transaction, although in certain cases it may be a flat fee. Accordingly, the Company recognizes success fees in the period earned.

Income Taxes:

Income taxes are not reflected in the accompanying financial statements, as the Company is included in the consolidated income tax return filed by its parent. The parent is taxed as a limited liability company under the Internal Revenue Code, and a similar state statute. In lieu of income taxes, the shareholders of the parent are taxed on their proportionate share of the taxable income.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

JUNE 30, 2017

NOTE 2 - CONCENTRATIONS OF CREDIT RISK

The Company at times maintains cash in bank accounts in excess of the established limit insured by the Federal Deposit Insurance Corporation (FDIC).

NOTE 3 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1). At June 30, 2017, the Company had net capital of \$57,416 which was \$52,416 in excess of its required net capital of \$5,000. The Company's net capital ratio was .08 to 1.

NOTE 4 - RELATED PARTY TRANSACTIONS

The Company incurred charges for management services (including administrative, facility and preparation fees) from an affiliated entity under common ownership in the amount of \$61,964 for the year ended June 30, 2017. The amount due to the related party as of June 30, 2017 was \$0. Because there is common ownership of the entities, operating results could vary significantly from those that would be obtained if the entities were autonomous.

NOTE 5 – FAIR VALUE

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

JUNE 30, 2017

NOTE 5 - FAIR VALUE (continued)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumption about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The Company's qualifying assets or liabilities are recorded at fair value using Level 1 inputs.

NOTE 6 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 1, 2017, the date on which the financial statements were available to be issued. There were no subsequent events that require adjustment or disclosure in the financial statements.
