Dear Ms. Morris,

I am writing to support the "Petition  
~~for Interpretive Guidance~~ on Climate Risk  
Disclosure" filed with the Commission  
on Sept. 18, 2007.

Please help end corporate Secrecy on  
Climate Change!

Climate Change will have a huge impact  
on businesses & the economy, yet most  
companies are failing to disclose their  
risks from Climate Change.

The SEC currently requires companies  
to disclose risks that could reasonably  
affect their sales or revenues.

I believe that corporations that  
register with the SEC should assess  
(over)

3/13/70  
The regulatory, physical &  
litigation-related risks they face  
from ~~climate change~~ and disclose  
their material risks in SEC filings.

Commission guidance would be  
extremely helpful in providing investors  
this important information.

Thank you for your consideration  
of this critical issue.

I look forwards to your  
response.

Sincerely,
