Re: File No. S7-01-13; Regulation Systems Compliance and Integrity

Dear Ms. Murphy,

The undersigned seventeen registered national securities exchanges and FINRA (collectively, “SROs”),<sup>1</sup> respectfully request that the Securities and Exchange Commission (“Commission”) extend the public comment period for the Commission’s proposed “Regulation Systems Compliance and Integrity,” commonly known as “Regulation SCI.” Currently, public comments on the proposal are due to the Commission by May 24, 2013.

The SROs believe that Regulation SCI will have a significant impact on the compliance, regulatory and technical operations of the SROs, as well as many of their members and participants. Given its comprehensive scope, and that the Commission has included more than 200 specific questions in the proposing release, the SROs are devoting significant time and substantial resources to analyzing and understanding proposed Regulation SCI. The SROs believe that a thorough comment on this proposal requires more time than has been currently provided.

As a result, the SROs respectfully request that the Commission extend the deadline for comments on proposed Regulation SCI by at least 90 days, to no earlier than August 22, 2013.
