Re: Meeting with CalPERS

On April 22, 2022, Chair Gensler met with Marcie Frost, the Chief Executive Officer of CalPERS, to discuss the SEC's proposal related to the enhancement and standardization of climate-related disclosures for investors, including CalPERS views as an institutional investor and CalPERS' work with issuers.

Members of the Chair's office included:

- Chair Gary Gensler, Chair
- Amanda Fischer, Senior Counselor

For CalPERS, the only attendee was Ms. Frost.
