

MEMORANDUM

To: Comment File (S7-10-22) – The Enhancement and Standardization of Climate-Related Disclosures for Investors

From: The Office of the Chair, U.S. Securities and Exchange Commission

Date: May 31, 2022

Re: Meeting with members of the Risk Management Association, Climate Risk Consortia

On May 31, 2022, staff from the Office of the Chair met with members of the Risk Management Association (RMA) Climate Risk Consortia about the SEC’s proposal for the enhancement and standardization of climate-related disclosures for investors. During the meeting, the attendees also discussed the proposal, including proposed provisions on scenario analysis, GHG emissions, assurance over GHG emissions disclosures, governance disclosures, phase-in periods, safe harbors, and international coordination.
