CHAIRMAN'S
CORRESPONDENCE UNIT

Dear Chairperson Cox,

As a concerned investor, I am surprised + alarmed that the Securities + Exchange Commission has issued rules that could prevent shareholders like myself from raising important issues with management of corporations in which we own stock. I urge you to reconsider Rule 14a-8, + to allow investors the right to file advisory resolutions. Advisory resolutions play an important role in encouraging corporations to be responsive to their owners. They help to promote improved governance within companies, greater accountability to shareholders + to the community, + more complete disclosure.

Please let me know what action you intend to take on this issue.

Sincerely,
Kathleen Labriola
