Re: Reporting of Securities Loans (File No. S7-18-21)

Dear Secretary Countryman:

I am writing in strong support of rule 10c-1, "Reporting of Securities Loans".

I cannot believe in this day and age that this kind of rule is not already in place. As proven in the past, when given the opportunity to operate in the dark many organizations will resort to shady practices if they know they can get away with it.

In a world where decentralized blockchains are a growing reality we cannot ignore with its free access to a ledger of all transactions, the further the U.S. Financial Market gets from this spirit, the less public trust will be put into it on a global level.

The only ones that would oppose such a rule are the organizations that profit from operating in muddy waters trying to preserve their interests.

Sincerely,

A Concerned Investor
