Re: Reporting of Securities Loans (File No. S7-18-21)

Dear Secretary Countryman:

I am writing in strong support of rule 10c-1, "Reporting of Securities Loans".

The current level of transparency in the market place is opaque. As a retail investor I see that the markets are clearly and intentionally built to the advantage of Wall Street. Dark pools, pay for order flow, naked short selling, lack of oversight and accountability all create an unfair market place that is held captive by banks and a Federal reserve who functions above the law. This rule would be a small window into house of corruption built on Wall Street using public funds. I hope this begins a journey toward a system where those who lie, cheat and steal will be brought to justice.

Sincerely,

A Concerned Investor
