**RE: File No. S7-30-22; Release No. 34-96494; Regulation NMS: Minimum Pricing
Increments, Access Fees, and Transparency of Better Priced Orders**

Dear Ms. Countryman:

I am a class action attorney and individual household investor who has been paying attention to our financial markets for some time. No firm should have an advantage because it has the unique power to trade at sub-penny intervals, while everyone else is limited to trading in penny increments. I support Proposed Rule No. 34-96494 because it would eliminate this unfair and anticompetitive advantage. Please pass Proposed Rule 34-96494.

Very Truly Yours,

Jack Fitzgerald
