Adverting to the above:

I write as a shareholder who is in favour of approving the Form 19b-4 that NYSE Arca filed with you to convert Graystone\*Bitcoin Trust (OTCQX-GBTC) into a Bitcoin Spot EFT.

Some of the reasons:

- a) Bitcoin is trading at a discount to its NAV
- b) The conversion protects me and the hundreds of thousands of investors currently holding GBTC Shares**
- c) In 2021 you approved several future-based Bitcoin EFT's
- d) It seems strange that you subsequently disapproved Spot Based Bitcoin
- e) Many other reasons. **Bitcoin is NOT GOING AWAY**

I will be 90 next year. The quickest way to get much older is Waiting for something to happen.

Anyway

Best Wishes to you
