This is a brief being filed in support of the Petition for review of the administrative law judge's initial decision. SEC is in violation of all the section codes of the Title 26 Sec 1, et sec; destroying the public resources. The s-1 was meant to generate public resources including american jobs under the American Jobs Act. These USCA section codes are superior to the SEC rules of practice. This behavior is very illegal by the US Government/SEC destroying public resources and american jobs. That's all there is.
