**AGENCY:** Securities and Exchange Commission

**ACTION:** Proposed rule; extension of comment period.

**SUMMARY:** The Securities and Exchange Commission (“Commission”) is extending the comment period for a release proposing amendments to its rules under the Securities Act of 1933 (“Securities Act”) and Securities Exchange Act of 1934 (“Exchange Act”) that would require registrants to provide certain climate-related information in their registration statements and annual reports. The comment period for the release was originally scheduled to close on May 20, 2022. The new comment period will end on June 17, 2022. This action will allow interested persons additional time to analyze the issues and prepare their comments, which would benefit the Commission in its consideration of final rules.

**DATES:** The comment period for the proposed rule published April 11, 2022 (87 FR 21334) is extended. Comments should be received on or before June 17, 2022.

**SUPPLEMENTARY INFORMATION:** The Commission has requested comment on a release proposing amendments to its rules under the Securities Act and Exchange Act that would require registrants to provide certain climate-related information in their registration statements and annual reports. The proposed rules would require information about a registrant’s climate-related risks that are reasonably likely to have a material impact on its business, results of operations, or financial condition. The required information about climate-related risks would also include disclosure of a registrant’s greenhouse gas emissions, which have become a commonly used metric to assess a registrant’s exposure to such risks. In addition, under the proposed rules, certain climate-related financial metrics would be required in a registrant’s audited financial statements.

The comment period for the release was originally scheduled to close on May 20, 2022. The Commission believes that providing the public additional time to consider and comment on the matters addressed in the release would benefit the Commission in its consideration of final rules. Therefore, the Commission is extending the comment period for Release Nos. 33-11042; 34-94478, “The Enhancement and Standardization of Climate-Related Disclosures for Investors,” until June 17, 2022.

By the Commission.

Dated: May 9, 2022.

J. Matthew DeLesDernier,  
Assistant Secretary.
