(Release No. 34-59292; File No. SR-BATS-2009-003)

January 23, 2009

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend BATS Rule 2.5, entitled “Restrictions,” and BATS Rule 11.4, entitled “Authorized Traders.”

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 16, 2009, BATS Exchange, Inc. (“BATS” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)(iii) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend BATS Rule 2.5, entitled “Restrictions,” and BATS Rule 11.4, entitled “Authorized Traders,” to permit qualification and registration of Authorized Traders of Members pursuant to certain foreign examination modules equivalent to the Series 7 examination.

³ 15 U.S.C. 78s(b)(3)(A).

The text of the proposed rule change is available at the Exchange's website at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Exchange Rules 2.5 and 11.4 both state that the Series 7 is required for registration with the Exchange as an Authorized Trader. The purpose of the proposed rule change is to expand the types of exams that may satisfy the Exchange's Series 7 requirement by recognizing foreign examination modules equivalent to the Series 7 examination.

The proposal would reduce duplicative qualification standards that foreign registered representatives encounter to qualify as a U.S. general securities registered representative. For example, the examination modules for the U.K. (Series 17) and Canada (Series 37/38) currently are accepted as equivalent to the U.S. Series 7 by the NYSE, the Financial Industry Regulatory Authority ("FINRA"), the NASDAQ Stock

Market, NYSE AlterNext US, NYSE Arca, and the Chicago Board Options Exchange (“CBOE”).⁵

The Series 17 version, the United Kingdom - Limited General Securities Registered Representative Examination, is for U.K. registrants who have successfully completed the basic exam of the U.K. and who are in good standing with the Financial Services Authority (“FSA”). Essentially, this modified Series 7 examination deletes those substantive sections of the standard Series 7 that overlap with the FSA examination. The Series 17 is a 100 question examination, is 120 minutes in duration, and deals with U.S. securities laws, regulations, sales practices and special products drawn from the standard Series 7 examination.

The Series 37 version is for Canadian registrants who have successfully completed the basic core module of the CSI Global Education (“CSI”, formerly the Canadian Securities Institute) program. The Series 38 version is for Canadian registrants who, in addition to having successfully completed the basic core module of the CSI program, have also successfully completed the Canadian option and futures program. Both the Series 37 and 38 share topics and test questions with the parent Series 7 program

but cover only subject matter that is not covered, or not covered in sufficient detail, on the Canadian qualification examination. The Series 37 has 90 questions and is 150 minutes in duration, while the Series 38, an abbreviated version of the series 37, has only 45 questions and is 75 minutes in duration. Forty-five questions pertaining to options from the series 37 were omitted from the Series 38.

The Exchange wishes to give U.K. and Canadian registered representatives the same advantage they have at other exchanges by eliminating duplicative examinations. The Exchange believes that acceptance of these examinations will benefit both the Exchange and the foreign representatives affected by the proposal. Accordingly, pursuant to the amended rules, as proposed, the Exchange would approve the examination modules for the U.K. (Series 17) and Canada (Series 37/38) as equivalent foreign examination modules.⁶ In addition, the rule changes as proposed will permit the Exchange to accept other foreign examination modules if, in the future, such modules are developed and approved by the Exchange as an equivalent foreign examination module.

2. Statutory Basis

The statutory basis for the Exchange's acceptance of these foreign examination modules lies in Section 6(c)(3)(B) of the Act.⁷ Under that section, it is the Exchange's responsibility to prescribe standards of training, experience, and competence for persons associated with Exchange Members. Pursuant to this statutory obligation, the Exchange

⁶ The Exchange notes that the U.K. (Series 17) and Canada (Series 37/38) represent foreign examination modules that allow persons in good standing with the securities regulators of their respective countries to qualify as general securities registered representatives (equivalent to Series 7 registrants) by successfully completing certain modified general securities representative examinations which were developed, along with others for other foreign jurisdictions, by the New York Stock Exchange ("NYSE") more than 10 years ago.

⁷ 15 U.S.C. 78f(c)(3)(B).

has adopted examinations that are administered by other self-regulatory organizations to establish that Authorized Traders of Exchange Members have attained specified levels of competence and knowledge.

The Exchange believes the proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b).⁸ In particular, for the reasons described above, the proposed change is consistent with Section 6(b)(5) of the Act,⁹ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest, by helping foreign representatives to qualify for registration with the Exchange by reducing duplicative qualification requirements. Accordingly, the modifications to BATS Rules 2.5 and 11.4 promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system.

(B) Self-Regulatory Organization's Statement of Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments Regarding the Proposed Rule Changes Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

⁸ 15 U.S.C. 78(f)(b).

⁹ 15 U.S.C. 78f(b)(5).

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)(iii) thereunder.¹³

A proposed rule change filed under Rule 19b-4(f)(6)¹⁴ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁵ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission has determined that waiving the 30-day operative delay of the Exchange's proposal is consistent with the protection of investors and the public interest because such waiver will reduce duplicative qualification

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

standards that foreign registered representatives encounter to qualify as a U.S. general securities registered representative. Additionally, the Commission notes that other self-regulatory organizations currently accept certain foreign examination modules as equivalent to the Series 7 examination as satisfactory proficiency examinations. Therefore, the Commission designates the proposal as operative upon filing.¹⁶ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
