May 7, 2009

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Fees for Use of BATS Exchange, Inc.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 30, 2009, BATS Exchange, Inc. (“BATS” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. BATS has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify its fee schedule applicable to use of the Exchange. While changes to the fee schedule pursuant to this proposal will be effective upon filing, the changes will become operative on May 1, 2009.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify its fee schedule applicable to use of the Exchange effective May 1, 2009, in order to: (i) charge a consistent fee of \$0.0025 per share for trades that remove liquidity in securities priced \$1.00 or above and provide a consistent rebate of \$0.0024 per share to Members who add displayed liquidity in securities priced \$1.00 or above; (ii) change the securities for which the Exchange does not pay a rebate for adding liquidity to all securities priced below \$1.00, rather than securities priced below \$5.00, and eliminate the rebate of \$0.0001 per share for trades that remove liquidity in securities priced below \$5.00; (iii) decrease the fee charged by the Exchange for its "CYCLE" routing strategy from \$0.0026 per share to \$0.0025 per share and modify the routing fee for securities priced below \$1.00; and (iv) change from a fee of \$0.0005 per share to a rebate of \$0.0001 per share for Modified Destination Specific Orders routed to a dark liquidity venue. Each of these proposed changes is described in further detail below.

(i) Fees and Rebates for Securities Priced \$1.00 or Above

The Exchange currently charges a fee of \$0.0025 per share for trades that remove liquidity in securities priced \$5.00 or above, and proposes to change this fee so that it instead applies to trades that remove liquidity in securities priced \$1.00 or above.

The Exchange currently provides rebates for securities priced \$5.00 or above of \$0.0023 per share to Members who add displayed liquidity in Tape A and C securities, and \$0.0028 per share to Members who add displayed in Tape B securities. The Exchange proposes to change this structure so that it instead provides a consistent rebate of \$0.0024 per share to Members who add displayed liquidity in all securities priced \$1.00 or above. The Exchange does not propose to change the rebate provided for non-displayed liquidity added to the BATS Book, which is currently \$0.0020 per share for Tapes A, B, and C. However, because the rebate for displayed liquidity, as proposed, will now apply to all securities rather than having a different rebate for Tape B securities, the Exchange proposes eliminating the reference to Tapes A, B, and C in connection with non-displayed liquidity as such reference is no longer necessary.

(ii) Securities Priced Below \$1.00

Currently, the Exchange does not pay a rebate to Members who add liquidity in securities priced below \$5.00. The Exchange proposes to increase the number of securities to which a rebate applies by changing to a no-rebate structure for liquidity adders in securities priced below \$1.00. The Exchange also proposes to eliminate the rebate of \$0.0001 per share for trades that remove liquidity in securities priced below \$5.00, and instead, to allow Members to remove liquidity in securities priced below \$1.00 without a charge.

(iii) Standard Routing Fee and Routing Fee for Securities Priced Below \$1.00

The Exchange proposes to decrease the fee charged by the Exchange for its CYCLE routing strategy⁵ from \$0.0026 per share to \$0.0025 per share. To be consistent with this change, the Exchange proposes to charge 0.25%, rather than 0.26%, of the total dollar value of the execution for any security (all Tapes) priced under \$1.00 per share that is routed away from the Exchange.

(iv) Dark Scan Rebate

Finally, the Exchange proposes to change its fee structure for Modified Destination Specific Orders routed to a dark liquidity venue (referred to by the Exchange as “Dark Scan”). Rather than charging a fee for Dark Scan orders, which is currently \$0.0005, the Exchange proposes to provide a rebate of \$0.0001. Because this change is a change from a fee to a rebate, the Exchange proposes changing the heading of the applicable section to “Other Non-Standard Routing Options,” rather than referring to “Other Non-Standard Routing Charges”.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.⁶ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁷ in that it provides for the equitable allocation of reasonable dues, fees and other charges among

⁵ The CYCLE routing strategy routes orders to any market center or execution venue other than a dark liquidity pool. Orders are routed to dark liquidity pools through the Exchange’s DART routing strategy. Orders executed through DART cost \$0.0020 per share, which the Exchange has not proposed to change at this time.

members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The Exchange believes that its fees and rebates are competitive with those charged by other venues and that the changes it has proposed will simplify the Exchange's pricing model. Finally, the Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members.

(B) Self-Regulatory Organization's Statement of Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has been designated as a fee change pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and Rule 19b-4(f)(2) thereunder,⁹ because it establishes or changes a due, fee or other charge imposed on members by the Exchange. Accordingly, the proposal is effective upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
