**Rule 3150 Reports Related to Position Limits**

- (a) **No change.**
- (b) Options Participants (other than Market Makers) that maintain an end of day position in excess of 10,000 non-FLEX equity options contracts on the same side of the market on behalf of its own account or for the account of a Customer, shall report whether such position is hedged and provide documentation as to how such position is hedged. This report is required at the time the subject account exceeds the 10,000 contract threshold and thereafter, for Customer accounts, when the position increases by 2,500 contracts and for proprietary accounts when the position increases by 5,000 contracts.
- (c) **No change.**
