Rule 8050, Market Maker Quotations

(a) through (f) No change.

IM-8050-1

No change.

IM-8050-2

The obligations set forth in subsection (e) of this rule shall not apply to Market Makers with respect to adjusted option series. For purposes of this Rule, an adjusted option series is an option series wherein, as a result of a corporate action by the issuer of the underlying security, one option contract in the series represents the delivery of other than 100 shares of underlying stock or Exchange-Traded Fund Shares.
