BOX Options Exchange Fee Schedule

December [November] 2015

* * * * *

Section I through IV. No Change

Section V. Technology Fees

A. Connectivity Fees

Market participants are required to connect to the BOX network (including cross-connects)¹⁰ through datacenters owned and operated by third-party vendors. While BOX does not assess connectivity fees; fees are assessed by the datacenters and will be billed directly to the market participant. Connectivity fees can include one-time set-up fees, monthly charges, and other fees charged by the third-party vendor in exchange for the services provided to the market participant.

There are currently two datacenters where market participants can connect to the BOX network: NY4, owned and operated by Equinix; and 65 Broadway, owned and operated by 365 Main. The connectivity fees associated with these locations are listed below:

<i>Connection Type</i>	NY4		65 Broadway	
	One-time set-up	Monthly	One-time set-up	Monthly
POTS	\$100	\$25	\$50	\$25
Ethernet	N/A	N/A	\$250	[\$225] \$175
T1	\$500	\$100	[N/A] \$250	[N/A] \$175
Cat 5/6	\$500	\$245	\$250	[\$225] \$175

¹⁰ A "cross connect" occurs when the affected third-party system is located at the same datacenter where BOX systems are located, and the third-party connects to BOX through the datacenter.

COAX	\$500	\$245	\$250	\$200
Single & Multi Mode Fiber	\$500	\$350	[\$325] <u>\$500</u>	[\$500] <u>\$250</u>
Extended Cross Connect	[\$850] <u>\$1000</u>	[\$1000] <u>\$750</u>	[N/A] <u>\$500</u>	[N/A] <u>\$400</u>
<u>Intra-Customer Cross Connect</u>	<u>\$500</u>	<u>\$0</u>	<u>N/A</u>	<u>N/A</u>
