Rule 11.13. Order Execution

(No change.)

(a) *Execution and Routing.*

(1)–(2) (No Change.)

(3) *Routing Options.* The System provides a variety of routing options. Routing options may be combined with all available order types and times-in-force, with the exception of order types and times-in-force whose terms are inconsistent with the terms of a particular routing option. The System will consider the quotations only of accessible markets. The term “System routing table” refers to the proprietary process for determining the specific trading venues to which the System routes orders and the order in which it routes them. The Exchange reserves the right to maintain a different System routing table for different routing options and to modify the System routing table at any time without notice. The System routing options are:

(A) [CYCLE. CYCLE is a routing option under which an order checks the System for available shares and then is sent sequentially to destinations on the System routing table for the full remaining size of such order.](Reserved.)

(B)–(H) (No Change.)

(b)–(e) (No Change.)
