(the “Exchange” or “C2”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule. The Exchange is changing fees related to its PULSe workstation. The fees herein will be effective on May 1, 2018.

By way of background, the PULSe workstation is a front-end order entry system designed for use with respect to orders that may be sent to the trading systems of the Exchange. Exchange Trading Permit Holders ("TPHs") may also make workstations available to their customers, which may include TPHs, non-broker dealer public customers, and non-TPH broker dealers.

Financial Information eXchange ("FIX") language-based connectivity, upon request, provides customers (both TPH and non-TPH) of TPHs that are brokers and PULSe users ("PULSe brokers") with the ability to receive "drop-copy" order fill messages from their PULSe brokers. These fill messages allow customers to update positions, risk calculations, and streamline back-office functions.

The Exchange is proposing to reduce and cap the monthly fee to be assessed on TPHs who are sending drop copies to non-TPH customers via a PULSe workstation. Currently, if a customer receiving drop copies is a non-TPH, the PULSe broker (the sending TPH) who sends drop copies via PULSe to that customer is charged \$400 per month. The Exchange is proposing to reduce that fee to \$0.02 per contract with a cap of \$400 per month per receiving non-TPH. If that PULSe broker sends drop copies via PULSe to multiple non-TPH customers, the PULSe broker will be charged the fee for each customer. For example, if a PULSe broker sends drop

copies via its PULSe workstation to each of non-TPH customer A, non-TPH customer B, and non-TPH customer C, the PULSe broker (the sending TPH) will be charged a fee of \$.02 per contract for drop copies it sends via PULSe to non-TPH customers A, B, and C (the receiving non-TPHs) with a cap of \$1,200 (\$400 per non-TPH customers A, B, and C).

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>3</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>4</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>5</sup> which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities.

The Exchange believes that reducing the \$400 per month to \$0.02 per contract with a cap of \$400 per month on a TPH sending drop copies from PULSe to a non-TPH customer is reasonable because the fee will continue to allow the Exchange to monitor, develop and

implement upgrades, maintain, and customize PULSe to ensure a non-TPH customer receives timely and accurate drop copies while also potentially reducing the sending TPH's costs. The Exchange believes the fee is equitable and not unfairly discriminatory because the monthly fee is assessed equally to any TPH sending drop copies to its non-TPH customers. Additionally, use of the drop copy functionality by a TPH and non-TPH customer is voluntary.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule changes will impose any burdens on competition that are not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed PULSe-related fees are assessed equally to TPH broker's electing to use the optional Drop Copy functionality. The Exchange does not believe that the proposed change will cause any unnecessary burden on intermarket competition because the proposed fees relate to use of an Exchange-provided order entry system. To the extent that any proposed change makes the Exchange a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become Exchange market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>6</sup> and paragraph (f) of Rule 19b-4<sup>7</sup> thereunder. At any time within 60 days of the filing of the

proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
