

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-92476; File No. SR-CboeBZX-2021-029)

July 23, 2021

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Instituting Proceedings to Determine Whether to Approve or Disapprove a Proposed Rule Change to List and Trade Shares of the Kryptoin Bitcoin ETF Trust under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares

On April 9, 2021, Cboe BZX Exchange, Inc. (“BZX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares (“Shares”) of the Kryptoin Bitcoin ETF Trust (“Trust”) under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares. The proposed rule change was published for comment in the Federal Register on April 28, 2021.³

On June 9, 2021, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ This order institutes proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.

I. Summary of the Proposal

As described in more detail in the Notice,⁷ the Exchange proposes to list and trade the Shares of the Trust under BZX Rule 14.11(e)(4), which governs the listing and trading of Commodity-Based Trust Shares on the Exchange.

The investment objective of the Trust would be to provide exposure to bitcoin at a price that is reflective of the actual bitcoin market where investors purchase and sell bitcoin, less the expense of the Trust's operation.⁸ The Trust would hold bitcoin and it would calculate the Trust's net asset value ("NAV") daily based on the value of bitcoin as reflected by the CF Bitcoin US Settlement Price ("Reference Rate"). The administrator of the Reference Rate is CF Benchmarks Ltd. The Reference Rate aggregates the trade flow of several bitcoin platforms. The current platform composition of the Reference Rate is Bitstamp, Coinbase, Gemini, itBit and Kraken. In calculating the Reference Rate, the methodology creates a joint list of certain trade prices and sizes from the constituent platforms between 3:00 p.m. E.T. and 4:00 p.m. E.T. The methodology then divides this list into 12 equally-sized time intervals of 5 minutes and it calculates the volume-weighted median trade price for each of those time intervals. The Reference Rate is the arithmetic mean of these 12 volume-weighted median trade prices.⁹

⁷ See Notice, supra note 3.

⁸ Krypto Investment Advisors, LLC ("Sponsor") is the sponsor of the Trust, Delaware Trust Company is the trustee, and The Bank of New York Mellon will be the administrator ("Administrator") and transfer agent. Foreside Fund Services, LLC will be the marketing agent in connection with the creation and redemption of "baskets" of Shares, and the Sponsor will provide assistance in the marketing of the Shares. Gemini Trust Company, LLC, a third-party regulated custodian ("Custodian"), will be responsible for custody of the Trust's bitcoin. See id. at 22485 and 22492-93.

⁹ See id. at 22493.

Each Share will represent a fractional undivided beneficial interest in the bitcoin held by the Trust. The Trust's assets will consist of bitcoin held by the Custodian on behalf of the Trust. The Trust generally does not intend to hold cash or cash equivalents. However, there may be situations where the Trust will unexpectedly hold cash on a temporary basis.¹⁰

The Administrator will determine the NAV and NAV per Share of the Trust, on each day that the Exchange is open for regular trading, after 4:00 p.m. E.T. The NAV of the Trust is the aggregate value of the Trust's assets less its liabilities (which include estimated accrued but unpaid fees and expenses). In determining the Trust's NAV, the Administrator values the bitcoin held by the Trust on the basis of the price of bitcoin as determined by the Reference Rate.¹¹

The Trust will provide information regarding the Trust's bitcoin holdings, as well as an Intraday Indicative Value ("IIV") per Share updated every 15 seconds, as calculated by the Exchange or a third-party financial data provider during the Exchange's Regular Trading Hours (9:30 a.m. to 4:00 p.m. E.T.). The IIV will be calculated by using the prior day's closing NAV per Share as a base and updating that value during Regular Trading Hours to reflect changes in the value of the Trust's bitcoin holdings during the trading day.¹²

When the Trust sells or redeems its Shares, it will do so in "in-kind" transactions in blocks of 50,000 Shares. Authorized participants will deliver, or facilitate the delivery of, bitcoin to the Trust's account with the Custodian in exchange for Shares when they purchase Shares, and

the Trust, through the Custodian, will deliver bitcoin to such authorized participants when they redeem Shares with the Trust.¹³

II. Proceedings to Determine Whether to Approve or Disapprove SR-CboeBZX-2021-029 and Grounds for Disapproval under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act¹⁴ to determine whether the proposed rule change should be approved or disapproved. Institution of proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change, as discussed below. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,¹⁵ the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of the proposed rule change's consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be "designed to prevent fraudulent and manipulative acts and practices" and "to protect investors and the public interest."¹⁶

The Commission asks that commenters address the sufficiency of the Exchange's statements in support of the proposal, which are set forth in the Notice,¹⁷ in addition to any other

comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on the following questions and asks commenters to submit data where appropriate to support their views:

1. What are commenters' views on whether the proposed Trust and Shares would be susceptible to manipulation? What are commenters' views generally on whether the Exchange's proposal is designed to prevent fraudulent and manipulative acts and practices? What are commenters' views generally with respect to the liquidity and transparency of the bitcoin markets, the bitcoin markets' susceptibility to manipulation, and thus the suitability of bitcoin as an underlying asset for an exchange-traded product?
2. What are commenters' views of the Exchange's assertion that regulatory and financial landscapes relating to bitcoin and other digital assets have changed significantly since 2016?¹⁸ Are the changes that the Exchange identifies sufficient to support the determination that the proposed listing and trading of the Shares are consistent with the Act?
3. The Exchange states that "approving this proposal . . . [would] allow U.S. investors with access to bitcoin in a regulated and transparent exchange-traded vehicle that would act to limit risk" associated with exposure through other means.¹⁹ Further, the Exchange asserts that "the manipulation concerns previously articulated by the Commission are sufficiently mitigated to the point that they are outweighed by quantifiable investor protection issues."²⁰ What are commenters' views regarding such assertions?

¹⁸ See id. at 22486-87.

¹⁹ See id. at 22487.

²⁰ See id. at 22491.

4. According to the Exchange, “[n]early every measurable metric related to [Chicago Mercantile Exchange’s] Bitcoin Futures has trended consistently up since launch and/or accelerated upward in the past year.”²¹ Based on data provided and the academic research cited by the Exchange, do commenters agree that the Chicago Mercantile Exchange (“CME”) now represents a regulated market of significant size?²² What are commenters’ views on whether there is a reasonable likelihood that a person attempting to manipulate the Shares would also have to trade on CME to manipulate the Shares? What of the Exchange’s assertion that the combination of (a) CME bitcoin futures leading price discovery; (b) the overall size of the bitcoin market; and (c) the ability for market participants to buy or sell large amounts of bitcoin without significant market impact helps to prevent the Shares from becoming the predominant force on pricing in either the bitcoin spot or CME bitcoin futures markets?²³

5. What are commenters’ views on the Exchange’s statement, generally, that bitcoin is resistant to price manipulation and that other means to prevent fraudulent and manipulative acts and practices exist to justify dispensing with the requisite surveillance sharing agreement with a regulated market of significant size related to bitcoin?²⁴ What of the Exchange’s assertion in support of such statement that significant liquidity in the spot market and the impact of market orders on the overall price of bitcoin mean that attempting to move the price of bitcoin is costly?²⁵ What of the assertion that offering only in-kind creations and redemptions provides

unique protections against potential attempts to manipulate the Shares and that the price the Sponsor uses to value the Trust's bitcoin "is not particularly important"?²⁶

III. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with Section 6(b)(5) or any other provision of the Act, and the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.²⁷

Interested persons are invited to submit written data, views, and arguments regarding whether the proposal should be approved or disapproved by [insert date 21 days from publication in the Federal Register]. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by [insert date 35 days from publication in the Federal Register].

Comments may be submitted by any of the following methods:
