

SECURITIES AND EXCHANGE COMMISSION  
(Release No. 34-54408; File No. SR-DTC-2006-12)

September 6, 2006

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the LENS Service

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> notice is hereby given that on July 28, 2006, the Depository Trust Company (“DTC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by DTC. DTC filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act<sup>2</sup> and Rule 19b-4(f)(4)<sup>3</sup> thereunder so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**

The proposed rule change will discontinue the posting of Asset-Backed Security notices on DTC’s LENS system.

**II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below.

DTC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.<sup>4</sup>

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In 1991, DTC created the LENS service to reduce the amount of paper that participants received in connection with DTC's distribution of legal and other notices. Participants consequently could access such notices through DTC's proprietary PTS 3270 terminal network.<sup>5</sup> In 2000, DTC enhanced this process by making the LENS service available over the Internet.<sup>6</sup> Benefits of the LENS service include: (a) reducing distribution costs that are born by participants and (b) allowing for other enhancements relating to notice distribution, including: (i) the identification of CUSIP numbers, (ii) participants' ability to search by CUSIP, (iii) participant access to a computer record of past notices with automatic order capability, and (iv) equitable billing (e.g. a participant only pays for those notices that it orders).

Recently, DTC has studied whether additional enhancements and efficiencies can be brought to the LENS service in terms of the value to participants of the information provided them through LENS and the associated costs. As part of this process, DTC reviewed a current practice relating to the posting of Asset-Backed Security ("ABS") notices on LENS.<sup>7</sup> Such ABS notices are now generally available over the Internet on the agents' websites and have been

<sup>4</sup> The Commission has modified the text of the summaries prepared by DTC.

<sup>6</sup> Securities Exchange Act Release No. 34-43964 (Feb. 14, 2001), 66 FR 1190 (Feb. 22, 2001) [File No. SR-DTC-2000-18].

<sup>7</sup> ABS notices provide investment and financial information specific to a respective ABS (e.g., monthly principal and interest factors, credit worthiness, etc.).

retrieved by DTC and posted on LENS at considerable expense. In light of the accessibility of ABS notices from other sources and the expense incurred by DTC in retrieving the information, DTC consulted with many of the participants with current subscriptions to the ABS portion of LENS and learned that DTC's posting of this information on LENS is of limited value versus the alternative of participants being able to obtain much of the information directly from agents' websites.

Therefore, DTC will no longer post ABS notices on LENS. DTC will distribute an Important Notice to its participants to notify them of this change to the LENS service and inform participants as to how they may obtain DTC's assistance in obtaining ABS information.

DTC believes that the proposed rule change is consistent with the requirements of Section 17A of the Act<sup>8</sup> and the rules and regulations thereunder because it controls costs associated with a service provided by DTC and therefore does not significantly affect the respective rights or obligations of DTC or persons using this service.

**B. Self-Regulatory Organization's Statement on Burden on Competition**

DTC does not believe that the proposed rule change will have any impact or impose any burden on competition.

**C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

DTC has not solicited or received written comments relating to the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

---

<sup>8</sup> 15 U.S.C. 78q-1.

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>9</sup> and Rule 19b-4(f)(4)<sup>10</sup> thereunder because it effects a change in an existing service of DTC that does not adversely affect the safeguarding of securities or funds in DTC's control or for which DTC is responsible and does not significantly affect DTC's or its participants' respective rights or obligations. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

#### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act.

Comments may be submitted by any of the following methods:

##### Electronic comments:
