II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

This filing adopts a simplified pricing schedule for trading Nasdaq-listed securities through the Nasdaq Market Center. As is currently the case, the fee schedule reflects the volume of a member's use of the Nasdaq Market Center and also the ITS/CAES and Inet systems operated by Nasdaq and its affiliates as facilities of NASD, in determining applicable fees.⁶

Order execution and routing fees will be as follows:

- \$0.0027 per share executed for market participants that (i) add more than 30 million shares of liquidity per day during the month and route or remove more than 50 million shares of liquidity per day during the month, or (ii) add more than 20 million shares of liquidity per day during the month and route or remove more than 60 million share of liquidity per day during the month;

⁶ The consideration of volumes through ITS/CAES and Inet is a function of the phased transition of Nasdaq from an operator of NASD facilities to a separate national securities exchange. As such, NASD fee schedules will be amended to remove all references to Nasdaq at or shortly after the time when Nasdaq begins to trade non-Nasdaq exchange-listed securities as an exchange. NASD is submitting a comparable filing to establish fees for non-Nasdaq exchange-listed securities, which likewise considers trading volumes through the Nasdaq Market Center. See File No. SR-NASD-2006-137.

- \$0.0028 per share executed for market participants that add more than 20 million shares of liquidity per day during the month and route or remove more than 35 million shares of liquidity during the month;
- \$0.003 per share executed for other market participants;
- \$0.003 per share executed for routed orders that do not attempt to execute in the Nasdaq Market Center prior to routing;
- A liquidity provider credit of \$0.0025 per share executed for market participants adding more than 30 million shares of liquidity per day during the month, and a credit of \$0.002 for other market participants; and
- As is currently the case for Nasdaq-listed securities, a fee of 0.1% of total transaction cost, and no liquidity provider credit, for executions against quotes/orders in the Nasdaq Market Center at less than \$1.00 per share.

The proposed rule change also updates the text of Rule 7018 by replacing references to the “Nasdaq Facilities” with the term “Nasdaq Market Center” to reflect Nasdaq system integration, and by deleting certain obsolete references to Brut and Inet.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and with Sections 6(b)(4) of the Act,⁸ in particular, in that the proposal provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities. Nasdaq believes that the fees are reasonably allocated among members based on their usage of the trading systems operated by

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(4).

Nasdaq, and are generally consistent with fees charged by other market centers for comparable services.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is subject to Section 19(b)(3)(A)(ii) of the Act⁹ and subparagraph (f)(2) of Rule 19b-4 thereunder¹⁰ because it establishes or changes a due, fee, or other charge applicable only to a member imposed by the self-regulatory organization.

Accordingly, the proposal is effective upon Commission receipt of the filing. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
