Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend the NYSE Arca Equities Fees and Charges to Introduce a New Pricing tier, Step Up Tier 3

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on September 4, 2018, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Equities Fees and Charges (“Fee Schedule”) to introduce a new pricing tier, Step Up Tier 3. The Exchange proposes to implement the fee change effective September 4, 2018. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included

statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to introduce a new pricing tier, Step Up Tier 3. The Exchange proposes to implement the fee change effective September 4, 2018.

The Exchange currently has a Step Up Tier pursuant to which qualifying ETP Holders and Market Makers receive a credit of \$0.0030 per share for orders that provide displayed liquidity to the Book in Tape A Securities, \$0.0023 per share for orders that provide displayed liquidity to the Book in Tape B Securities, and \$0.0031 per share for orders that provide displayed liquidity to the Book in Tape C Securities if such ETP Holders and Market Makers directly execute providing average daily volume ("ADV") per month of 0.50% or more but less than 0.70% of the US CADV, and directly execute providing ADV that is an increase of no less than 0.10% of US CADV for that month over the ETP Holder's or Market Maker's providing ADV in Q1 2018.⁴

The Exchange also has a Step Up Tier 2 pricing tier pursuant to which ETP Holders and Market Makers receive a credit of \$0.0028 per share for orders that provide

displayed liquidity to the Book in Tape A and Tape C Securities, and \$0.0022 per share for orders that provide displayed liquidity to the Book in Tape B Securities if such ETP Holders and Market Makers directly execute providing ADV per month of 0.22% or more but less than 0.30% of the US CADV, and directly execute providing ADV that is an increase of no less than 0.06% of US CADV for that month over the ETP Holder's or Market Maker's providing ADV in May 2018.⁵

The Exchange proposes a new pricing tier - Step Up Tier 3 - for securities with a per share price of \$1.00 or above. As proposed, ETP Holders and Market Makers would qualify for the new Step Up Tier 3 if they directly execute providing ADV per month of 0.15% or more but less than 0.20% of the US CADV and directly execute providing ADV that is an increase of no less than 0.075% of US CADV for that month over the ETP Holder's or Market Maker's providing ADV in May 2018. ETP Holders and Market Makers that qualify for Step Up Tier 3 would receive a credit of \$0.0025 per share for orders that provide displayed liquidity to the Book in Tape A and Tape C Securities and \$0.0022 per share for orders that provide displayed liquidity to the Book in Tape B Securities. For all other fees and credits, tiered or basic rates apply based on a firm's qualifying levels.

The goal of the proposed Step Up Tier 3 pricing tier is to further incentivize ETP Holders and Market Makers to increase the orders sent directly to the Exchange and therefore provide liquidity that supports the quality of price discovery and promotes market transparency. The proposed pricing tier, which adopts a lower threshold than the Step Up Tier and Step Up Tier 2 is intended to allow ETP Holders and Market Makers to

achieve rebates that weren't previously available. The Exchange believes that the proposed new pricing tier will provide an incentive for ETP Holders and Market Makers that do not meet current tier requirements to direct more of their order flow to the Exchange.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,⁷ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes the Step Up Tier 3 pricing tier will serve as an incentivize [sic] to market participants to increase the orders sent directly to NYSE Arca and therefore provide liquidity that supports the quality of price discovery and promotes market transparency. The Exchange believes the proposed pricing tier, which adopts a lower threshold, is reasonable and equitable because it would allow ETP Holders and Market Makers that directly execute providing ADV of at least 0.15% but less than 0.20% of US CADV and directly execute providing ADV that is an increase of no less than 0.075% of US CADV to receive credits that were not previously available. Firms that meet the requirement of the proposed pricing tier did not previously receive higher credits for adding displayed liquidity. Moreover, the addition of the Step Up Tier 3 would benefit market participants whose increased order flow provides meaningful added

⁷ 15 U.S.C. 78f(b)(4) and (5).

levels of liquidity thereby contributing to the depth and market quality on the Exchange. The Exchange believes that the proposed new Step Up Tier 3 is not unfairly discriminatory because it is open to all ETP Holders and Market Makers, on an equal basis, that add liquidity at or below the proposed Step Up Tier 3 requirement and who do not qualify for rebates currently provided pursuant to Tiers 1, 2 and 3 or pursuant to Step Up Tiers 1 and 2. The Exchange further believes that ETP Holders and Market Makers that provide liquidity below 0.20% of US CADV, which is a minimum requirement pursuant to Tier 3 to qualify for increased rebates, would now be eligible for the proposed rebates if they meet the requirements of the proposed Step Up Tier 3.

The Exchange believes that the proposed fee change is equitable and not unfairly discriminatory because providing incentives for orders in exchange-listed securities that are executed on a registered national securities exchange (rather than relying on certain available off-exchange execution methods) would contribute to investors' confidence in the fairness of their transactions and would benefit all investors by deepening the Exchange's liquidity pool, supporting the quality of price discovery, promoting market transparency and improving investor protection.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁸ the Exchange believes that the

⁸ 15 U.S.C. 78f(b)(8).

proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, the Exchange believes that the proposal to add a new pricing tier would encourage the submission of additional liquidity to a public exchange, thereby promoting price discovery and transparency and enhancing order execution opportunities for ETP Holders and Market Makers. The Exchange believes that this could promote competition between the Exchange and other execution venues, including those that currently offer similar order types and comparable transaction pricing, by encouraging additional orders to be sent to the Exchange for execution.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited. As a result of all of these considerations, the Exchange does not believe that the proposed changes will impair the ability of ETP Holders or competing order execution venues to maintain their competitive standing in the financial markets.
